## FOREWORD

WE HAVE tried within these pages to present for you a pictorial year at Baylor, representative to the best possible extent. This is your Annual, and through the excellent cooperation of the student body, the faculty, and the staff, the ROUND-UP has gradually rounded into shape. There are many errors, but we have earnestly tried to reduce our mistakes to a minimum, and when you see something is as it should not be, please don't be too critical.

We hope that we have not failed and that in the future when you leaf through the 1937 ROUND-UP you will find much that will bring to you pleasant memories of one of the best years of your life.

—THE EDITORS

## DEDICATION

•

IN ORDER to pay our humble respect to a man whose lovable Christian character, whose wisdom and native wit, and whose penetrating philosophy have left an indelible imprint on the lives of thousands who have passed through Baylor's portals, and in the hope that his presence may soon be restored to us, we, the staff of the 1937 ROUND-UP, affectionately dedicate this yearbook to Jefferson Whitfield Harrell, professor of mathematics.

Professor Harrell combines teaching-skill with a keen insight into student spirit. In the classroom, on the campus, in his Sunday School class, he has lived a constant interpretation of Christian principles and fellowship, winning respect and love from students and faculty alike.

## VI. GROUND-UP

*THIS book has no theme, save an attempted adherence to informality. However, in trying to portray a representative picture of student life, we ran into one dominant factor. It concerns a majority of the students, with infinitely deeper concern to some than to others. At every ball game, strolling down the campus walks, or on the historic green benches, we see couples. Boy and girl, man and woman, husband and wife (eventually). For, on the Baylor University campus, as on no other campus in the South, many lifelong friendships are formed, with especial emphasis on those that evolve into matrimony. An informal survey reveals the percentage to be remarkably higher than on other college campuses. And, so, to these many couples and beautiful courtships, we partially dedicate the 1937 ROUND-UP.*

# ADMINISTRATION

*Friends and Fellow-workers:*

Baylor University, a great banking house nearly one hundred years old, has lent from the ample store of wisdom overflowing her coffers to each of her fifty thousand students an education to be invested by each for the enrichment of mankind. She expects a return in love and loyalty, in service and money.

These returns, in many cases long overdue, she must have to live, for she sorely needs larger housing facilities for her capital stock, and additional and more modern equipment and an increased working force. I challenge you, one and all, to pay now what you owe her, the legitimate interest on her generous loan, that she may continue her high and holy business of promoting the Christian ideals in education.

PAT M. NEFF, *President of Baylor University.*

## TO THE STUDENTS:

EVERY college campus is a stage. The theme, "Life and How to Live It," is forever the same. The cast changes. Each player has the opportunity, through his own individual effort, of becoming one of the principals or of gravitating to the list of extras. Life does not begin after graduation, but both in college and afterward each scene of the play means life and living here and now—not just rehearsing for scenes to come.

My wish for every Baylor student is that he may respond to his cues promptly, speak his lines clearly, and through them act sincerely.

DR. E. N. JONES  
*Dean of the University.*

THE Baylor spirit is a sacred fire lighted long ago by the founders of the institution, and many have come to warm their hands and their hearts at the flame. In order that it continue to glow and to grow, each must give the best of himself to the fire which, burning out the dross, will give back to him a refined and tempered element from which the mainspring of his life in the years to come will be fashioned.

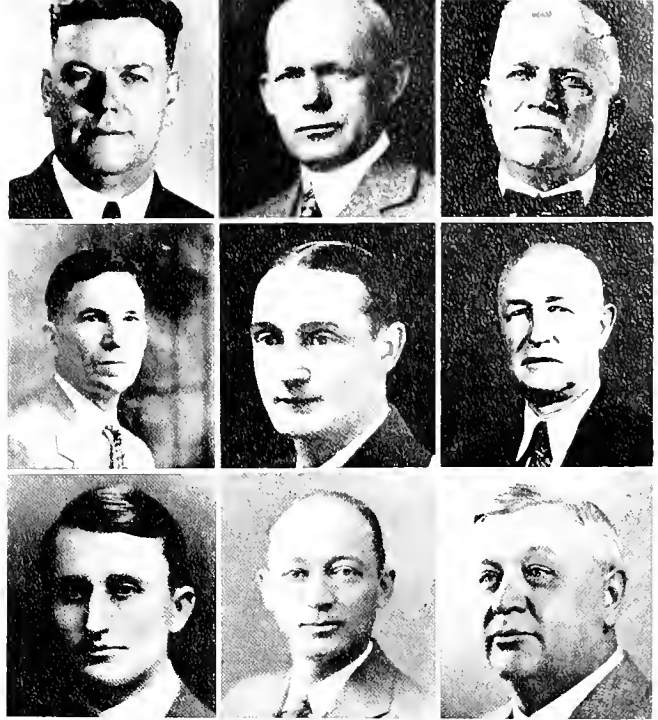

Let us all cherish the fire, bringing to it and taking from it only the best!

# THE ROUND-UP '37

# IN MEMORIAM

•

DR. E. G. LEWIS

GEORGE H. STOHLER, JR.

## THE 1938 ROUND-UP

THE 1938 ROUND-UP will be included on the Student Blanket Tax. By virtue of this forward step, the yearbooks which follow will be larger, more representative, and will have many improvements which were not possible under the budget of the past few years. A small budget was necessitated in the light of financial expediency as only a small percentage of the students took an interest or participated in the building of an Annual. Now, it is every student's book.

There will be multi-colored division plates, larger class sections, more features, larger plates, and a better art make-up. The editor will be privileged to use his ingenuity and originality to a greater extent, and the Baylor Round-Up should gain in prestige both on the campus and among the schools of the South.

Thus, we take this space to wish next year's editor and the editors of the future *bon voyage*, smoother sailing, and better victories for old Baylor!

# PERSONALITIES

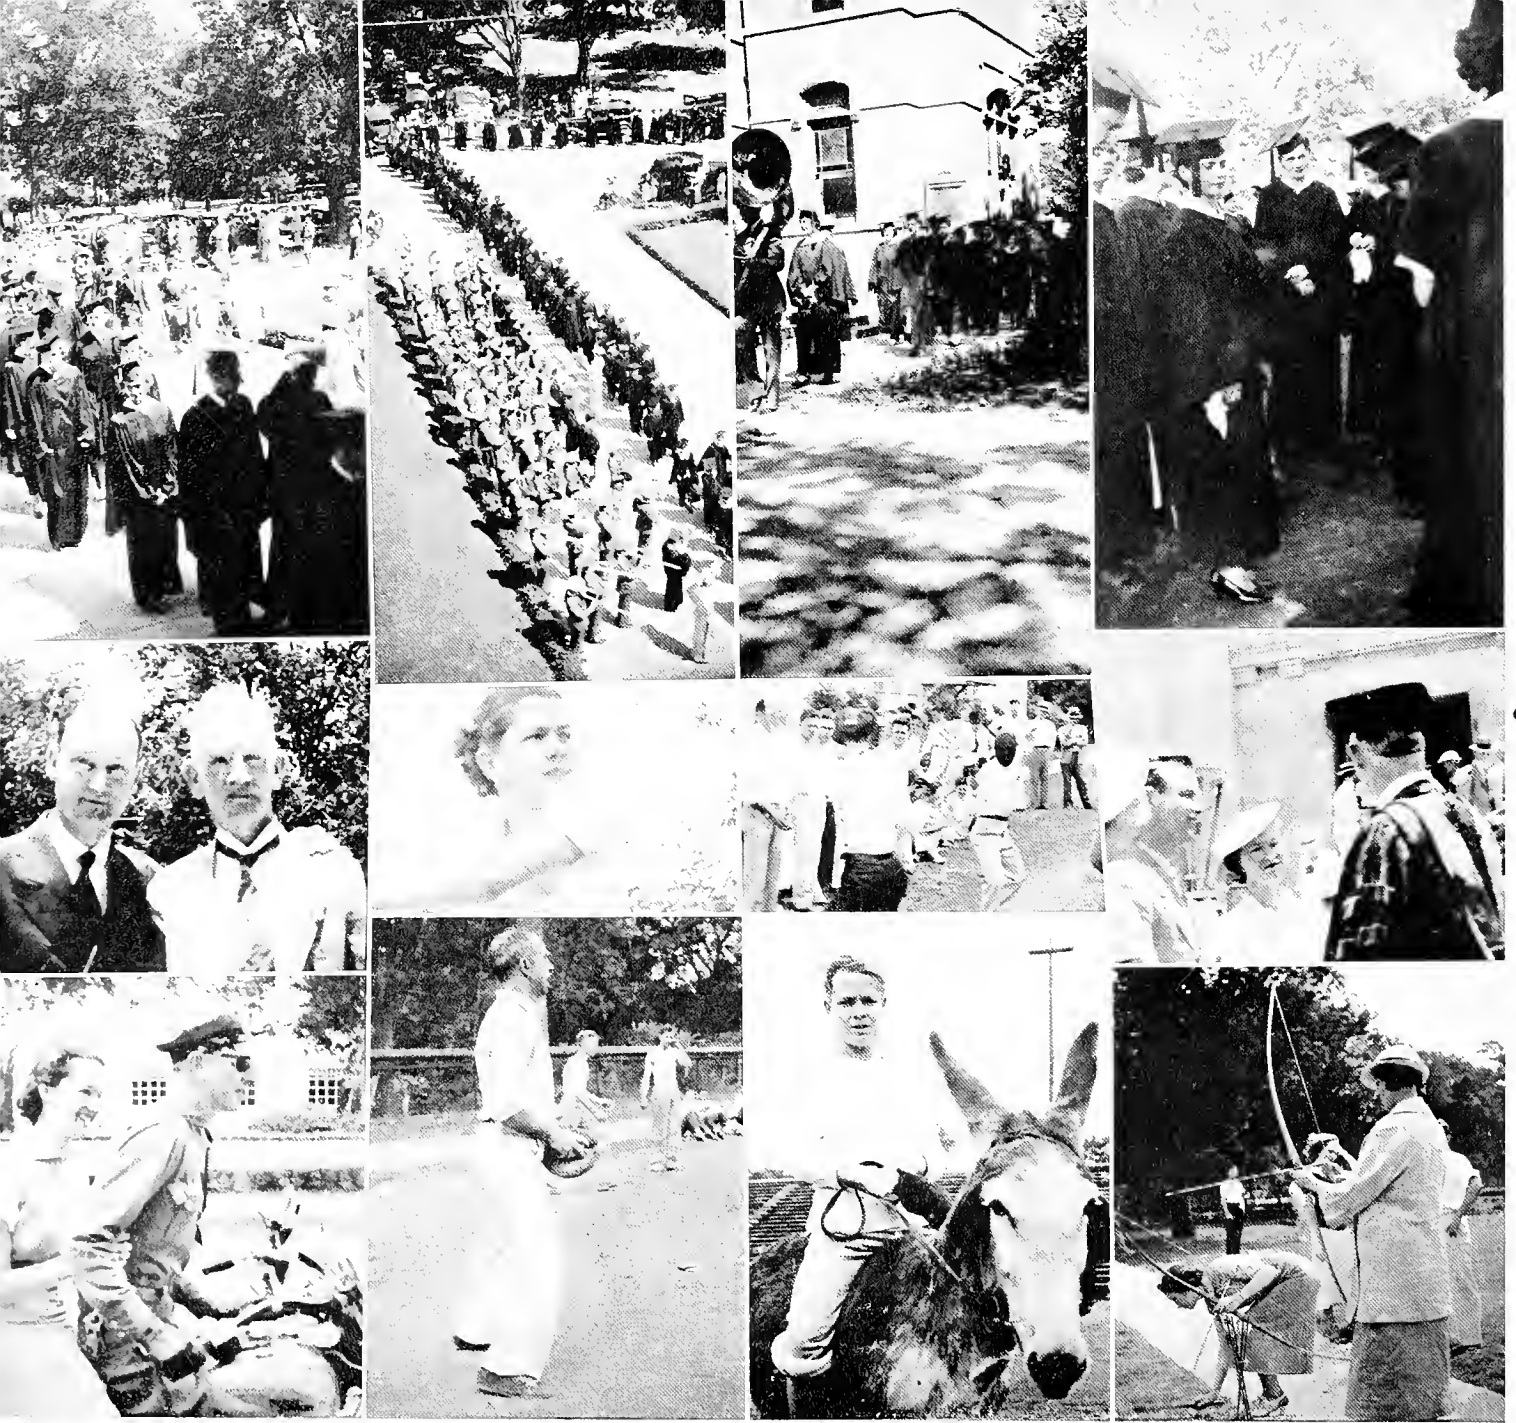

**B**AYLOR'S own peculiar charm arises in large part from the picturesque architecture of her buildings. Our photographer has tilted his camera at all angles and clambered about over the roofs to snap these rare views. Upper left is a tower view, across the spires of Burleson and Annex, with Waco Hall in the background. Top center, another roof shot, as the camera revolves. Immediately below, Memorial dormitory takes the center of a panorama view. To the right, Old Main stands sentinel over the campus.

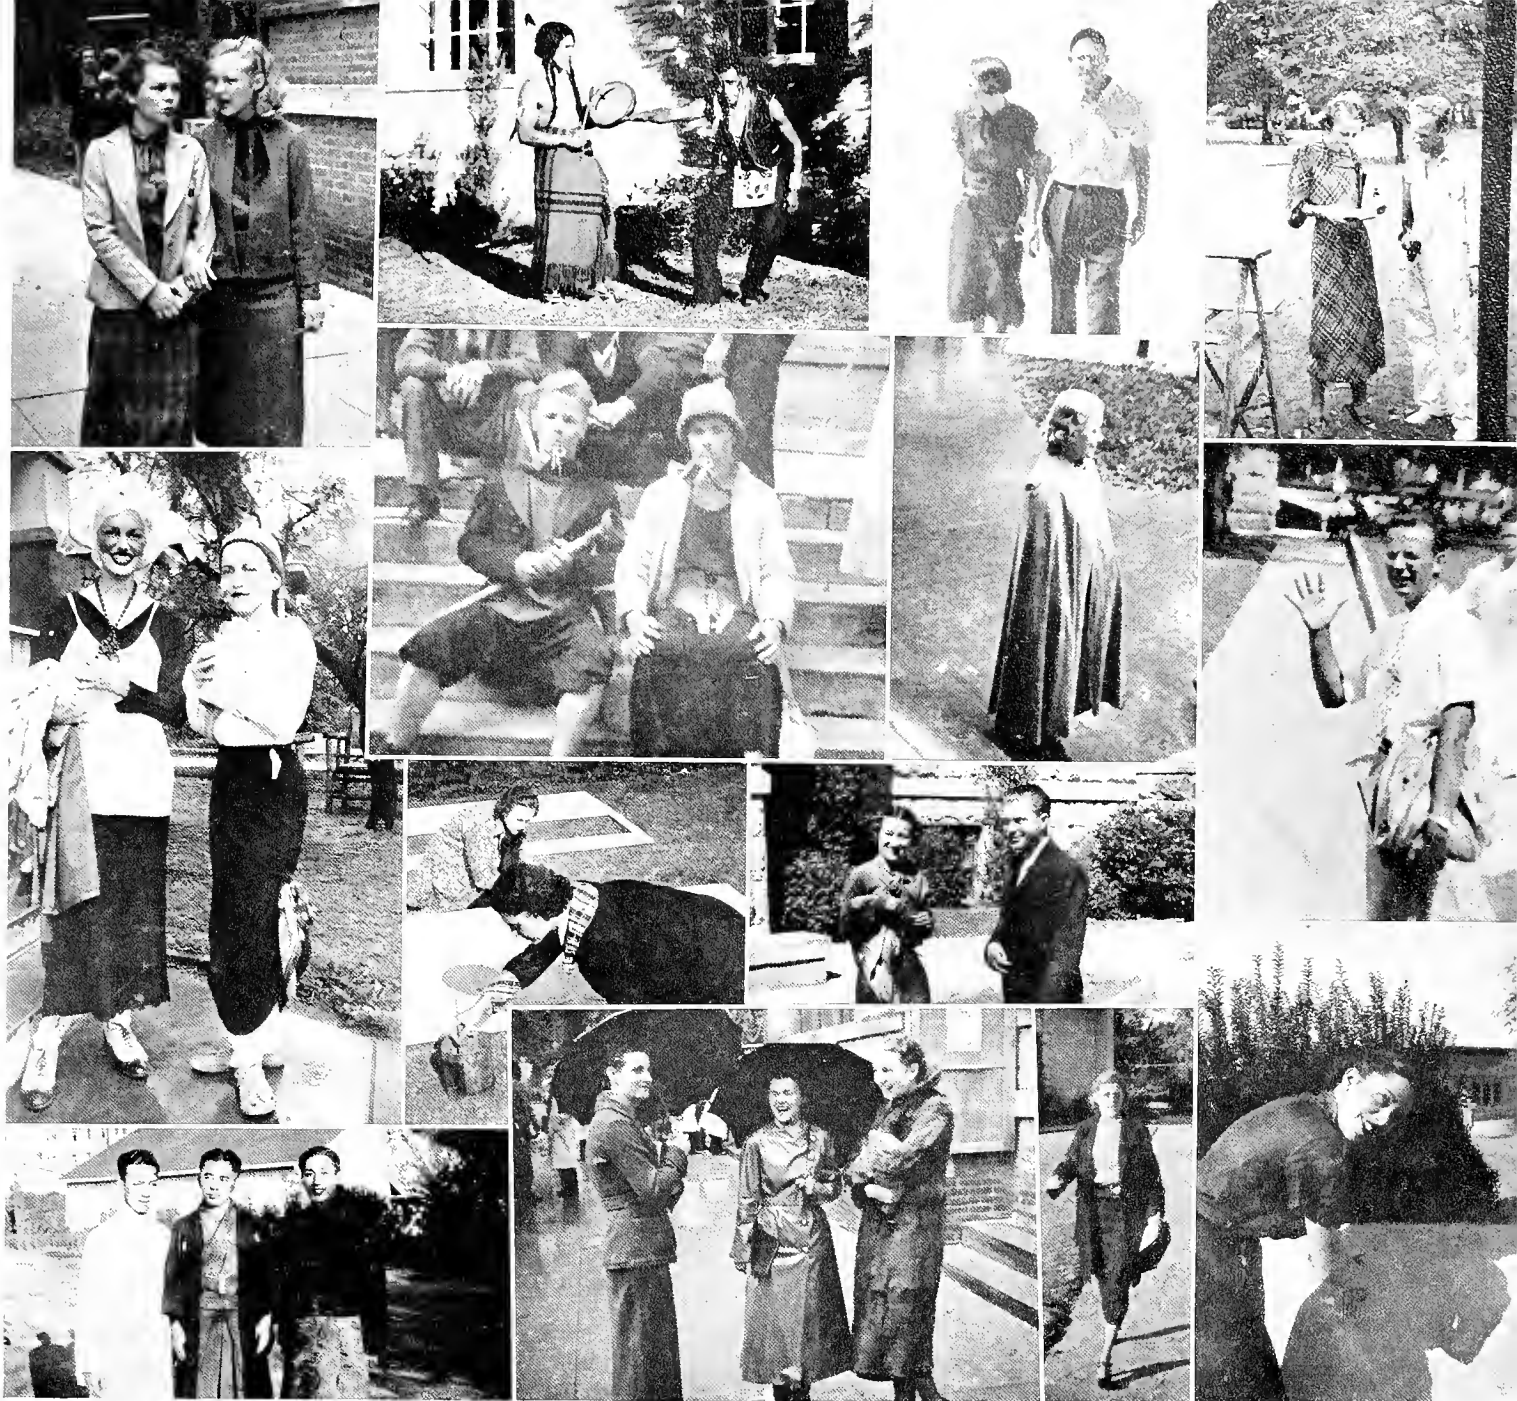

Pillars of Memorial rise in ivory splendor. A student's eye view of Science Hall en route to class, and to the right, a bird's-eye perspective of Science. Lower left, the camera stops and looks up the side of the tower of Main, recording a study in angles and eaves. Next is a glimpse of Waco Hall, framed by two famous bells . . . the small one from Baylor-at-Independence, and the other for infrequent championship celebrations. Last, a motorist's view of the University press, wrapped in shrubs and flowers, the inevitable towers peeking out of the background.

A YEAR ago, our roaming camera shark recorded the two highlights of May for this book: graduation events and All-University day. Self-conscious with pride, in caps and gowns, the class of 1936 marches that last mile to the music of the Golden Wave, wending into Waco Hall for the accolade that follows four years of study. On the left, Dr. Marshall Craig, baccalaureate orator, and Dr. J. T. Harrington, president of the trustees, survey the outgoing Baylor men and women. Dr. Armstrong chats with Eugene Jud and Isabel Murrèll.

Now for that carnival of sport and fun, when the whole school devotes a day to competition in half-a-hundred events. Doris Brogdon looks over a tennis match with deep interest from atop the fence. Two earnest, masked fencers flash foils in the sport of Heidelberg. Not Casey, but one of his buddies, takes a coed for a ride. Professor Sendon holds down catcher's post for the faculty softballers, and Smitty Tarrant boots home a winner in the donkey races. The archers draw a long bow on the quadrangle, shooting to add more points to their class total. The dean's wife is in the foreground.

Two freshman coeds who blazed a comet trail into campus prominence last fall: Frances Jim Swan and Dorothy Perkins engrossed in conversation. Two first Americans: Oscar Pete and Dan Tilden. Looking down on Slime Trippet whose companion for the moment is Band Sweetheart Mary Van Jones. Josephine Jenkins "Randolph-Macon" Marchman shows Ramsey Yelvington what the book says about it.

A couple from the Slime Parade. Two initiates into the Chamber of Commerce: Smith Tarrant and Joe Loving. A striking picture of Helen Seaman, dazzling slime blonde, on just one of those wet January days. Bill Maddox waves. On Minglewood bowl Jeannette Burrese and Marium Hood decorate a Little Theatre set. Margaret Fain and Geology Professor E. M. Thorp about face for the cameraman.

Homer Eng, Akira Chiba, and Philip Moy lend an Oriental touch to a Texas campus, in their native garbs. What? More rain? Ask us how long it lasted? Cleo DuBose, Mary Elizabeth Williams, and Dorothy Florey laugh it off 'neath umbrellas. Nell Gurley can't stop to pose, so we shoot her on the fly. Martha Lou Bolinger gives us a personality smile.

ONE of the highlights of 1936-37 at Baylor was the convocation Nov. 21, when the oldest institution of higher learning in Texas conferred honorary degrees upon Vice-President and Mrs. John Nance Garner, marking the last major Texas Centennial celebration.

Upper left and center, Mr. and Mrs. Garner are greeted at the Circle highway junction by a delegation headed by President Pat Neff and a motorcycle escort. Right, guests and host walk between the walls of cheering students to Memorial dormitory, where the visitors were entertained on the eve of the exercises.

Next morning, arrayed in caps and gowns, two of the central figures stand at attention as the Golden Wave band plays the national anthem before the procession. Center, a shot of the marching notables, with Dr. A. J. Armstrong and Dean E. N. Jones passing. Garner, smiling and laughing, exits with diploma.

Grouped on the portico of Memorial, the official party gives the cameramen their last chance at convocation scenes. Left to right are Senator Tom Connally, Mrs. Garner, Mr. Garner, Walter Woodul, Mr. Neff, Former Governor Miriam E. Ferguson, Genevieve Garner, the Vice-President's granddaughter; Governor James V. Allred, and Cullen F. Thomas.

REMARKABLE team: Mitchell "Baldy" Parks, Mary Elizabeth Williams, Clarence "Bubba" Gernand, swinging down the walk . . . That smile budding on Kathleen Gorman's face is her normal expression. Frank Butler ducks his curly head as he follows Edith Smith down Science steps . . . Mary Boyd, popular beauty, under her bumbershoot . . . back to the left, Foster Froggy Yell Chief Coleman gives the public a serious frown . . . Hoyt Andres next with Dr. L. L. Smith in the far-back . . . a small section of the traffic jam on Science steps . . . Toula Camille Doll Thompson appears startled . . . R. P. Henry gets advice from his candidate in personality race, Ernestine Ryan . . . Three mosquitoes . . . Holy Joe Ferguson, H. Clayton Bryson, Joe Robinson (farthest from camera), Merton Bowling strolls by . . . Jack Dahmer caught in profile; those high school exes were snapped before Varsity B club cut their letters off; they are, l to r, Gus Glasscock, Joe Jamieson, and Robert Jughead Ballenger . . . another up-shot on the traffic jam, unposed . . . Ed "Landon" Martin in his neophyte warpaint, with Harrell Townsend looking as though he knew he was being followed.

"Miss Personality of 1937"

Dec  
2  
1936

Mr. Curtis Hankamer,  
Round-Up Editor,  
Baylor University,  
Waco, Texas.

Dear Mr. Hankamer;

Heaven help me, but I have made my choice of seven photos from the twelve you sent me, and they are on their way to you now.

I realize, all too fully, just how important this contest is to these competing, and on this basis, I merely selected the photographs that seemed best to me. You asked that I try to picture the girl beyond the photograph, but don't you see how difficult that would be? It would get over into the territory of personality, which is something else than beauty. Then again, it would be necessary for me to possess a keenly discriminatory imagination. All these things considered, I have made my selection simply from the pictures and nothing more.

You will have to excuse me from commenting on these young ladies individually, as I fear I would only be heaping coals of fire on my own head by so doing. All twelve are very lovely, and I want you, and them to know that this thing cost me two sleepless nights!

Thank you for the honor of making this selection.

Sincerely,

*Ginger Rogers*

*Tommy Crofts*

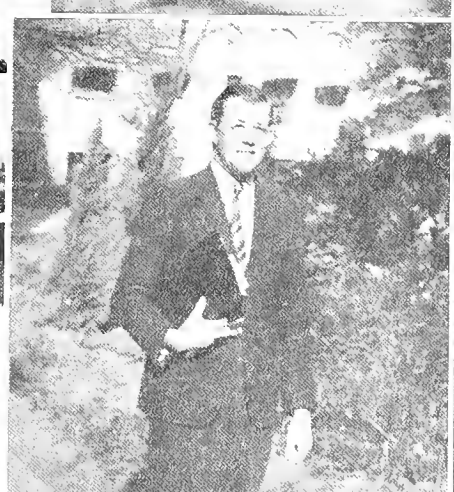

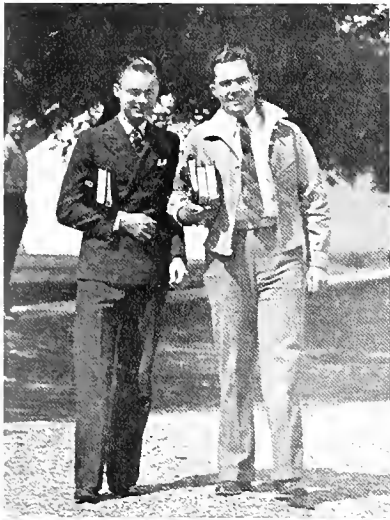

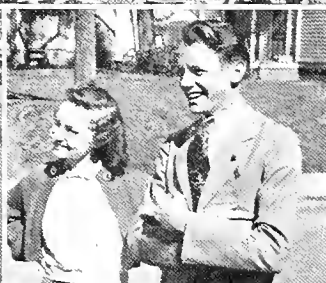

NO YEARBOOK for Baylor students would be complete without some space devoted to romance. These pairings were authentic when the shots were made, all save one. Most of them are regarded as part of the institution, like Burleson's statue, Waco Hall, or the late book. Up yonder in that lefthand corner, the elusive Lloyd Russell is snared by a freshman whose name at present is Mary Wilson. Connally McKay and Glee McCrary, who hold the blue ribbon for endurance dating, favor us with a profile view. Sam Boyd, fiery Bruin, squires Ruth Billington down Science Hall steps. To the left again, John D. Reynolds cooks up an all-conference alibi for Mary Elizabeth. Froggie Coleman and Sara Cunningham try one of the benches. They must have found a dividing line on it. Cathryn Crisler looks up, Jack Buckler looks down as they ascend the steps. Doris Brogdon veils her eyes as she and Harry Hippel pause between flights. And now here's the ringer. Somebody would run Speed Scott in on us. That's Anna Frances Anderson resisting him. Jelly SoRelle needs a post to support his weight when Edyth McDonald turns on the current. A hefty bottom row: Paulita Benkendorfer and John Allen, of Little Theatre fame. Weldon Weekley and Lealyne Noble, baby-talk champs; Rufus-Goofus Nash and Mary Boyd.

A RARE shot, that left top corner number . . . two pre-med grinds take time off to smile instead of squinting . . . Tom Turner and Truett K. Grant. Jimmie Reader gives a hoe handle a typical Baylor workout. Jack Dillard, sports scribe deluxe, tears his glance from the fair face before him, which our dumb photographer didn't take the trouble to catch. In the background, Mitch "Baldy" Parks is trying to get over into the next picture, where Mary Beth Wiese is casting one of her best spells on Billy Foster, the Houston shortstack. Back to the left side again, we present an action shot of Marietta Buckner descending the steps. We had to get our roommates into this . . . Charles Smith in polo shirt; Frank Butler in jacket . . . the two mugs in bed. Woodrow Chambliss, president of B. S. U. Council, swings along the walk, and Dean Turner, Noseman and law student, gives us his Wednesday afternoon grin. In the corner, bottom left, Yancy Smith Tarrant, yell leader, and Jack Oswalt put on a lion-hunter stance. The Pre-Med initiates mercifully covered their faces. What about your mask, Slime Crouch? Here are some of those Keys gals. Roberta bends forward as Cousin Nell Sheppard leans on her. Mona shows a coquettish pose, and Mary concentrates on the camera.

THERE'S no getting away from Baylor couples . . . spring, winter, anytime, everywhere. When they aren't together, they're electing someone sweetheart. F'rinstance, lower left is Mary Van Jones, sweetheart of that peak in college musical units, the Golden Wave Band. And across the page we have Anna Frances Anderson giving us a generous Homecoming Sweetheart smile.

Icy trees and frostbite provide the setting for Anna Lee Cobb and Raymond Kelly, a constant twosome. Margaret "Trannie" Higgs and T. D. "Star" Wells say "Hi, Folks!" Marjorie Knott and Billy Burnett . . . models for our opening silhouette . . . consent to disclose their identity.

Not a butter-and-egg convention, but just a hungry group of juniors and seniors waiting for the annual banquet to commence to start to begin. Frank Johnson has the Higgs girl this time, and alongside on the sofa John D. Reynolds, rugged gridster, goes effete with Mary Elizabeth Williams. Nancy Conkwright's backward glance spoils a well-planned view of Duke Bonner's new tux-front over to the right.

NO VIGNETTE of Baylor life would be complete without a record of faculty members. Believing that professors look better out of class than in, we present these snapshots showing the effect of fresh air and sunshine on the pedagogic countenance. Dr. Carl Wilson may be found most any afternoon around the athletic field. Dr. J. E. Hawkins paused, removed his hat, and smiled under the outdoor stimulus. Professors Sparkman and Hopkins survey the situation with seriousness.

Dr. Lorena Stretch stops to say 'no' to the cameraman en route homeward. Business professors Neil Foster and Monroe Carroll breeze over to the bookstore for their mail . . . does anyone have a wheelbarrow? A sunny afternoon finds the busiest little man on the campus, Prof. Frank E. Burkhalter, with his coat off. Tennis and Latin Expert Atkins talks athletics with Coach Ralph Wolf.

Lower left, the economic situation is taken in hand by Prof. P. L. Brokaw, left, and Dr. A. S. Lang, eco head. Dr. W. T. Gooch, chemistry chief, water chemist, pre-med adviser, smiles into the camera. Coach Morley Jennings examines the ball. And the president himself leaves the office for Mother Neff State Park attired in the perennial black hat and bow tie.

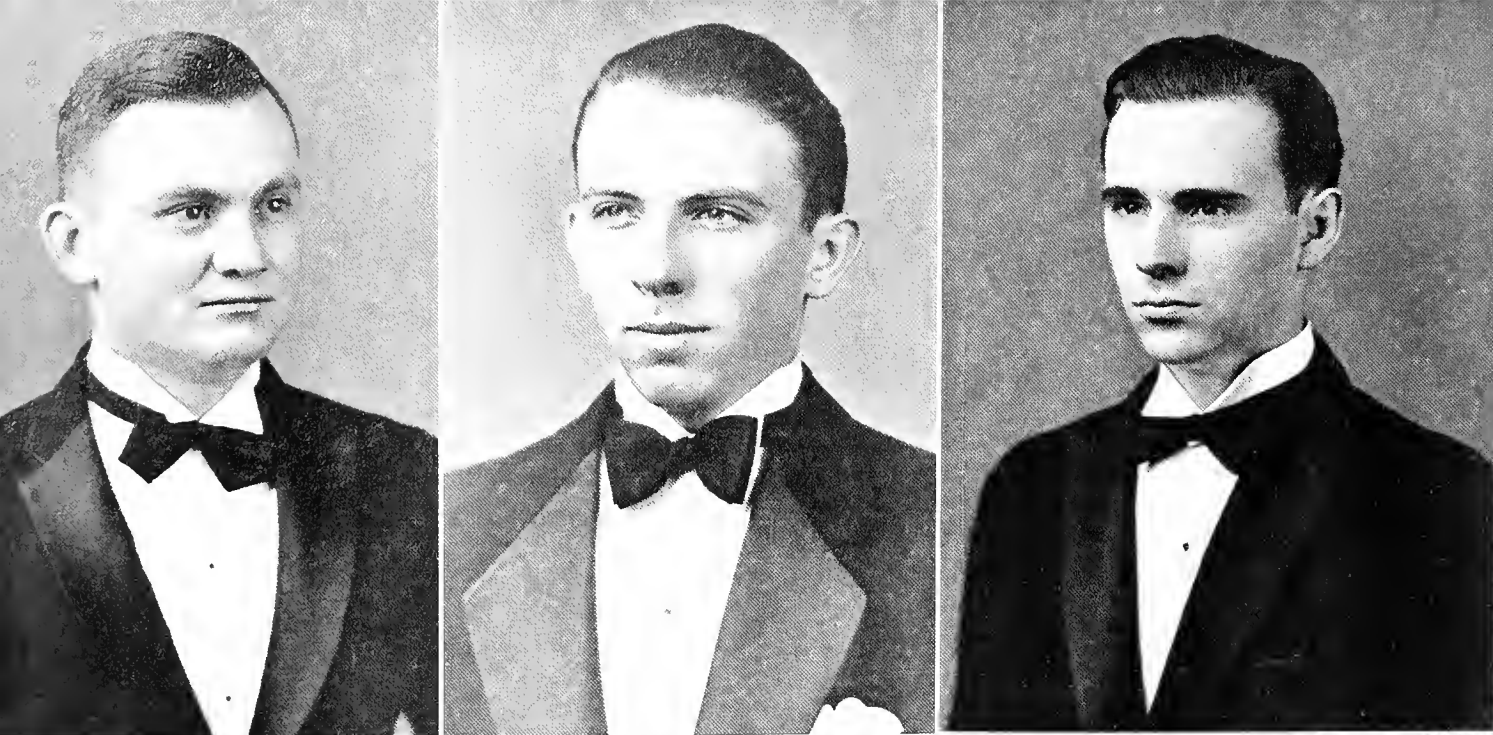

**B**ACK to football time and Homecoming. A couple of excellent night scenes around the Homecoming fires were snapped by the staff photographer . . . yes, they're different . . . look closely. Willy Rodgers scratches his head in amazement . . . Parks must have slapped out a triple. Buddies through school . . . Bill Daniel and Charles Crenshaw . . . insisted on being photographed together. Sarah Cunningham, girls' phys ed instructor pauses from her volley ball class to say "Hi!". The annual mad scramble of freshmen on Slime Day is pictured in that small insert upper center. Centenary had four yell leaders, but two of them were boys, so at the Tyler game, we just got the things most interesting. Mack Austin and Mary Ethel Darnell under the campus tree and Joe Loving gives us a sun grin as he passes the time away with Edna Hosey. And here's that blonde that our star quarterback fell for . . . the Centenary drum major. That Ross Festival was a gala occasion. The Bear prance from the railroad station around the square before the game . . . after the game there was no prance . . . just a group of disappointed homeward-bound students.

CELEBRITIES visited the Baylor campus throughout the year . . . among the foremost were Christopher Morley, Kittredge, Ernest Thompson Seton . . . speaking over the WACO mike in the lower panel is a fourth celebrity, Miss Wynne Davis accompanied by Hoyt Andres, announcer. A couple of track stars arm in arm in the springtime . . . M. C. Ledbetter and "Ox" Parry. Stacey Westmoreland, ponders seriously over something of import as she takes a listless bite of the lemon . . . a peek inside the office of Miss Clara Duggin, assistant registrar. Watching the spring baseball workouts are the coach's wife, Mrs. Morley Jennings, Louise Ricks, and Professor Capp (over Miss Ricks shoulder). Sammie Louise Martin, personality queen, dons her overalls to hammer out some stage sets for the play production class. Last but not least is Mr. Ted Musick, a rascal with a hoe, as he beautifies Brooks Hall grounds, his flaming hair shining in the sunlight.

## PERMANENT LAW SCHOOL OFFICERS

*Permanent President and  
Most Representative Lawyer*

HOWARD F. SAUNDERS

*Permanent Vice-President*

WILLIAM B. MARTIN

*Permanent Secretary*

PROFESSOR J. D. BRAGG stops and looks around for a snapshot before entering his Main building history department. Mr. Jim Crow and Buell Bankston pause from their work on the new baseball diamond to strike a pose. The fact that R. C. Graham even has a book open excites his buddy, C. J. Adams.

Coach Glenn Capp, forensic expert, looks up the steps and just below, we see Max Welch taking one last drag on a . . . not a cigaret! . . . And to finish out the page, we have lawyers Bill Daniel and Karl Cayton, the latter with his inseparable companion police dog.

## FACULTY

FOSTER, BURKHALTER, SHIRLEY, GARRETT, CARROLL

## SCHOOL OF BUSINESS ADMINISTRATION

THE School of Business Administration was established in 1923 by the Baylor Trustees. From its inception the Business School has offered the Bachelor of Business Administration degree upon completion of the prescribed work in four years of college training. The aim of the period of training is to provide a combination of theoretical and practical courses in order to make possible a liberal education and at the same time to give the student some fundamental understanding of our complex business order. The course of study provides for basic training in Accounting, Business Law, Business Correspondence, Economics, Business Psychology, Finance, Marketing, Production, and Statistics.

Each year since the graduation of the first class of 1925, young men and women graduates have gone out to engage in public accounting, merchandising, insurance, banking, governmental work, teaching, or graduate study.

The School of Business sends a fraternal greeting to each student who has gone out and extends a friendly welcome to each person who contemplates coming to Baylor for the study of business.

## DELTA SIGMA PI

**D**ELTA SIGMA PI, business fraternity, established the Beta Iota chapter at Baylor in December, 1930. Since that time more than a hundred business students have been taken into the fraternity, and during the school year 1936-37, it enjoyed the largest active membership in its history.

Delta Sigma Pi is proud of the large number of alumni members who have gone from the Baylor campus and other campuses and have made outstanding successes in the field of commerce.

The purpose of the fraternity as set forth in its constitution and by-laws is "To foster the study of business in universities, to encourage scholarship and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce, and to further a higher standard of commercial ethics and culture and the civic and commercial welfare of the community."

Officers chosen for the year 1937 are: Head Master, Henry Alexander; Scribes, D. W. Montgomery and Wilson Turner; Treasurer, Frank Johnson; Senior Warden, Robert Berry Cook; Chancellor, Malcolm Baldwin.

3

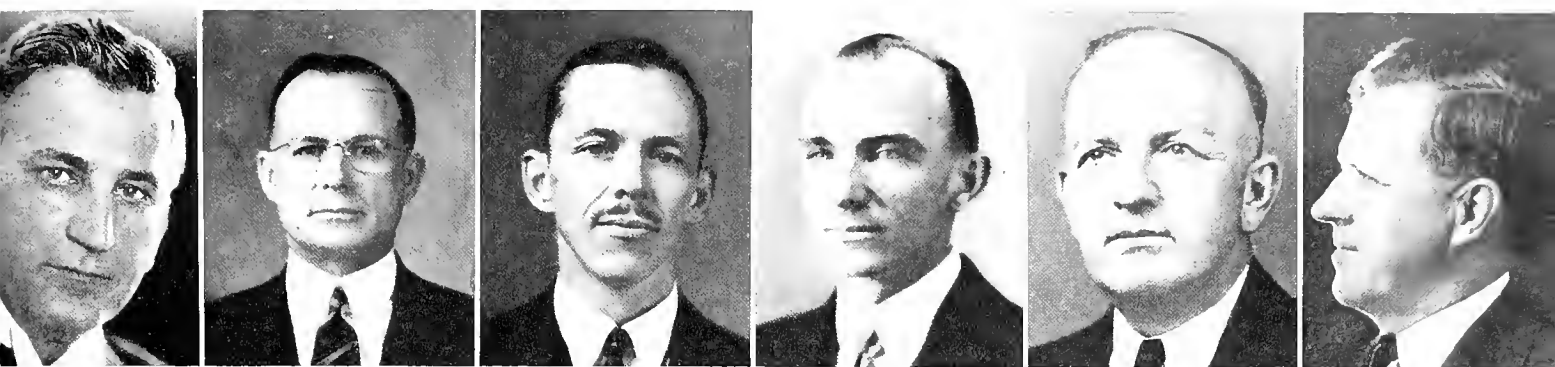

*Law School . . .*

and who serve the year 1937 are: Chief Master, Henry Alexander Scribes; Warden, George H. Wilson; Turnkey, Charles E. Johnson; Senior Warden, John J. Baldwin.

NEFF, ALEXANDER, EMERY, McDONALD, RICHEY, HARRIS

## LAW SCHOOL

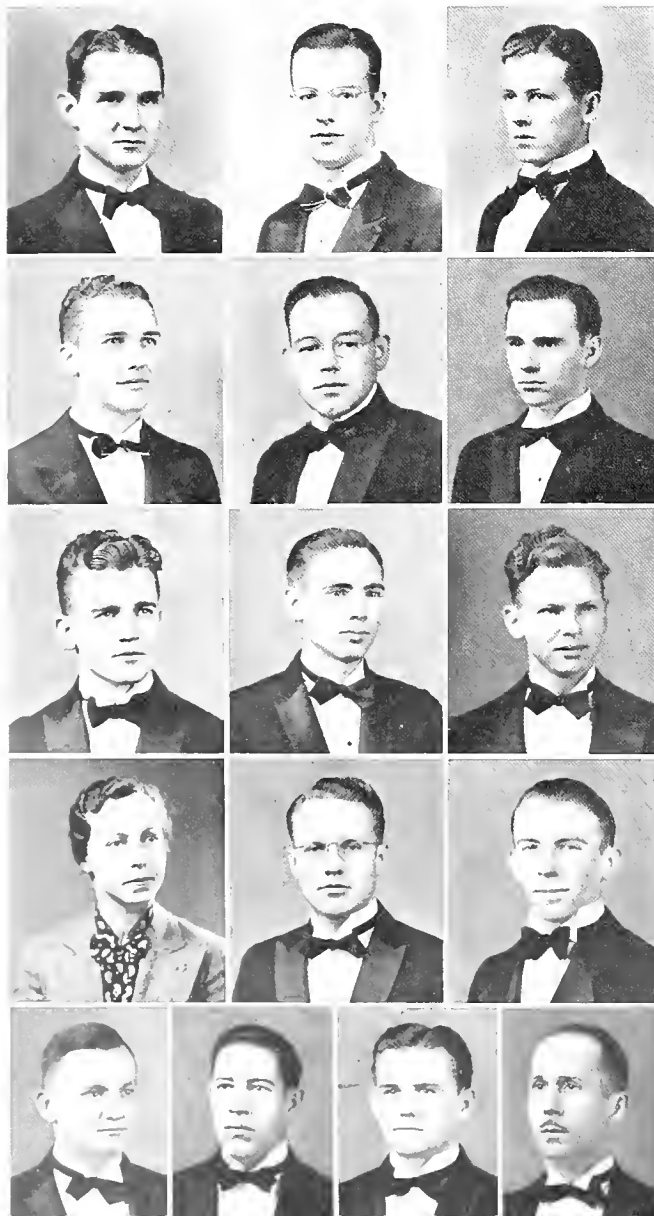

LAW was first taught in Texas at Baylor University in 1849. The School of Law of Baylor University was established in 1857. The Baylor Law School was organized on its present basis in 1920 under the administration of Dr. S. P. Brooks. The late Allen G. Flowers was its first dean. It is on the list of law schools approved by the Council on Legal Education and Admission to the Bar of the American Bar Association.

It is the purpose of the Law School to foster in its students high ideals of public service and legal ethics. Special emphasis is placed upon pleading and practice, with the design of preparing the student to meet the practical and exacting demands of his profession as they exist, particularly in Texas.

## SENATE

BAYLOR's oldest law society, the Senate, is an active organization fostering forensic activities and creating a keener sense of fellowship among the members of the Senate and Baylor Law School, through discussions of present-day legal, economic, political questions, both by members of the Senate and by visitors.

The Senate has created a spirit and a memory of comradeship so closely connected with Baylor that neither can ever be forgotten.

## FORUM

THE Forum Law Society, organized shortly after the organization of the Law School in 1920, has always had for its primary aims and thoughts the upholding of the honor and integrity of the legal profession and the promotion of fellowship, scholastic ability, legal and practical knowledge among the members.

The Forum has enjoyed seventeen years of successful existence, and is proud to now have on its rolls the names of many outstanding attorneys of the state.

## COACHING STAFF

JENNINGS, WOLF, HENDERSON, CROW

### MORLEY JENNINGS

COACH JENNINGS came to Baylor in 1926 from Ouachita College of Arkadelphia, Arkansas. He is the dean of Southwest conference coaches, and is the conference representative on the National Football Rules Committee. Close followers of the grid sport now rank him among the ten leading mentors in the nation. He annually turns out more from his material than any coach in the country, they point out. He holds the title of director of athletics here, and is also head baseball pilot. The Baylor football teams have a record of 53 victories, 44 losses and seven ties since he has been at the helm. His Ouachita record includes 73 wins, 27 losses and six ties.

### RALPH WOLF

Coach Wolf gained a new title this year, that of business manager of athletics, but he did not discontinue coaching the basket ball team. He is a Baylor graduate, and was an outstanding athlete while in school here. The business end of the athletic department is expected to pick up considerably within the next few years.

### FLOYD (JIM) CROW

Serving as coach of freshman football, Coach Crow's main duty is to drill fundamentals into his Cub gridmen, and his efficiency along this line has never been questioned. He has been connected with the athletic staff at Baylor for many years. A graduate of Texas A. & M. College, it is now his extreme pleasure to defeat the Aggies on the athletic field.

### R. E. (BILL) HENDERSON

Coach Henderson stepped into the shoes of Barton (Botchey) Koch as line director at Baylor, and he has made a valuable addition to the coaching staff. He and the other three members of the staff form the foremost character-building combination in the Southwest Conference. He is a Howard Payne college graduate, and coached at Waco and Temple high schools before accepting the post here.

Baylor.....	3	2	1	.583
Texas A & M....	3	2	1	.583
Southern Methodist	2	3	1	.417
Rice.....	1	5	0	.167
Texas.....	0	6	0	.000

**A**N EXCITED, intensely interested time-keeper reached for his gun and gazed with bated breath at his stopwatch, slowly ticking away the hopes of a great football machine on a crisp Saturday afternoon in early October. Three minutes remained to play in the thrill-packed, breath-snatching Baylor-Arkansas football classic.

The Bears were leading by a slender 10-7 margin. Then, one of the fleet Arkansas backs grabbed the ball, and swirling madly around end raced to Baylor's 12-yard stripe. A bullet pass over the center of the line to a towering wingman, and the Razorbacks had crossed the final chalkmark into victory.

Thus, the Baylor Bears, of course, unknown to them at the time, lost a cinch tie for the Southwest conference football crown, and the red-shirted warriors of Arkansas, by reason of their last minute triumph, had gained the coveted flag for the first time in history.

It is, however, with little regret that Baylor followers look back on the 1936 season. The Bruins, a fighting group of gridmen from September to late November, astounded the entire state with surprising victories in three conference battles, and finished in a tie for third place in the fast Southwest league.

The local adherents will never forget the stirring triumph over the Texas Longhorns that memorable day in Austin. The Bears, rising in their wrath, wiped out an 18-point lead in the final quarter and walked off the field with the victory cheers of a 21-18 triumph ringing in their ears. Then, the great victory over Southern Methodist to keep sacred the tradition of having never dropped a grid game to the Mustangs in Waco, and the amazing comeback against the Rice Owls in snatching a 10-7 victory from the fire were other highlights of the season.

Captain Lloyd Russell, John D. Reynolds and Owen (Ox) Parry made the All-Southwest conference eleven, and without doubt deserve to be called the stars of the Baylor outfit. Russell was heralded as the greatest running back in the nation, and he perhaps goes down in Baylor's history as the most outstanding back ever to wear the Green and Gold spangles. He led the conference scoring parade with 48 points. Reynolds, the Bruin center, and Parry, massive tackle, were the bulwarks of the "good old Baylor line."

These three players, however, do not deserve all the plaudits, for their teammates equally had a share in the success of the team. Space does not permit an individual write-up of the other luminaries, but mention can be accorded to such stars as Sam Boyd, Emmett Kriel, Bob Masters, Billy Patterson, Bubba Gernand, Carl Brazell, Hervey Blue, Frank Huessner, Ken Clark, James (Cotton) Kimbriel, Shuford McDonald, Ken Clark and Sonny Bartosh.

Not forgetting the great work of Coaches Jennings and Henderson, it must be said to their everlasting credit that they turned out the neatest coaching job in the Southwest and perhaps in the nation.

#### BAYLOR 13—HARDIN-SIMMONS 0

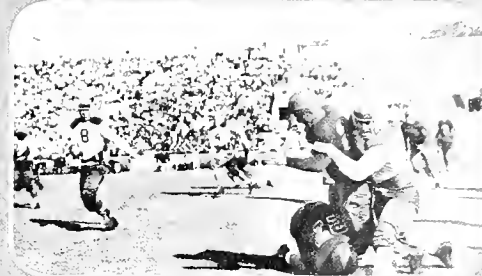

The Golden Grizzlies hoisted the curtain on the grid campaign with a well-earned 13-0 victory over the strong Hardin-Simmons Cowboys, who lost only two games during the season. Masters led the Bruins with his tearing, smashing drives off tackle and around end. He ripped through the middle from the four-yard line for the first touchdown, and Russell snagged a pass from B. Gernand on the 16-yard stripe for the second score.

#### BAYLOR 0—CENTENARY 10

Annually the Bears apparently have one poor game in their systems, and the Centenary contest, played on a sultry, summer-like day at the Rose Festival in Tyler, marked their only disgusting performance of the season. The Gentlemen walloped the Bears unmercifully to capture a 10-0 victory. Baylor threatened only once during the game when a Centenary fumble was recovered on the four-yard line, but could not push over for a touchdown.

#### BAYLOR 10—ARKANSAS 14

The Arkansas tilt, as explained in the first part of this season's resume, kept the Bruins from a sure tie for the title. Baylor started off with a bang in this game, and scored in the first period when Brazell gathered in a pass from Russell. Gernand booted a field goal in the third quarter to place the Bears well out in front, but then the Porkers started to work with a polished overhead game, featuring Dwight Sloan to Jim Benton, and forged ahead in the fading minutes of play.

#### BAYLOR 21—TEXAS 18

Perhaps Baylor's greatest victory of all time came on the Memorial stadium greensward October 17, when the battling never-say-die spirit of Baylor athletic teams carried the locals to a glorious 21-18 triumph after having trailed the Texas Longhorns for three quarters. Patterson, driving with terrific force on the famous statue of liberty play, netted the first Baylor score in the early stages of the fourth period on a seven-yard dash around end, and Brazell plowed over for the second marker. Then "Loping Lloyd" Russell, fired with determination and sensing his first victory over a Texas eleven, received a short pass from Patterson, and weaved and wormed his way across the goal line. B. Gernand added two of the extra points from placement, and Julie Gernand took a pass from Patterson for another.

#### BAYLOR 0—TEXAS A & M 0

Splashing, sliding and slopping on a waterlogged field, the Bears battled the Texas Aggies to a 0-0 deadlock in a Homecoming bout, Baylor's first game of the season at the new Municipal stadium. The home eleven threatened to score in the second quarter after recovering a fumble deep in Aggie territory, but the half-time gun halted the rally. Brazell intercepted a wild cadet aerial attempt in the final period, and appeared headed for a certain score when Pitner hauled him down from behind on the 30-yard line. These two flurries were the only scoring threats of the game. Baylor made two first downs to the Aggies' none.

#### BAYLOR 0—TEXAS CHRISTIAN 28

For the second straight season the T.C.U. Frogs had their anti-aircraft guns polished for action, and "Slinging Sam" Baugh's rifles laid the Bears low 28-0. The Bruins outgained the Toads with a bewildering offense in the last half, but could not shove over for a score. Baylor was riddled with injuries in this game, Blue, Boyd and Brazell all being on the sidelines.

#### BAYLOR 48—O. C. U. 6

Scoring almost at will, Baylor trampled the Oklahoma City Goldbugs 48-6 in a wild aerial battle in which 52 passes were attempted. The highlight of the game was Masters' 95-yard return of a kickoff for a score. Russell and B. Gernand shared scoring honors with two touchdowns apiece. Kimbriel and Henslee were other Baylor scorers.

#### BAYLOR 13—OKLAHOMA A & M 0

Pushing across two touchdowns in the final four minutes of play, the Jenningsmen defeated the Oklahoma A & M Cowboys 13-0 in a non-conference battle in Stillwater. Russell carried the offense burden for the Bruins, and accounted for both touchdowns. His first score came on a beautiful end sweep from the 27-yard stripe, and the second was a three-yard plunge through the line. Baylor muffed several chances to score earlier in the game with fumbles at crucial moments.

#### BAYLOR 13—SOUTHERN METHODIST 7

Scoring two touchdowns in the first half and taking to the defense in the final two periods, the Bears coasted to an easy 13-7 victory over the S.M.U. Mustangs. The initial Baylor score came in the first few minutes of play when Russell took the snap back from center, rifled laterally to Patterson, and then broke into open country as if his shirttail was afire, gathered in a heave from Patterson on the 25-yard mark and outlegged the Pony secondary for the score. The singing showman romped with gay abandon for the second marker from the 13-yard line on a fake pass.

#### BAYLOR 10—RICE 7

Beaumont's "Bounding Bubba" Gernand, near his home in the swampy, dank atmosphere of Houston's Bayou, scanned the scoreboard, and becoming nettled at seeing his Bears trailing by seven points with only eight minutes to pay, awoke to the realization that something must be done quickly. Straightforth he went into action, and before the shadows had fallen on the Rice gridiron, he had scored ten points and a thrilling 10-7 victory. He crept behind the Owl secondary to take a pass in the end zone, and with only a few fleeting seconds remaining to play, place-kicked a seemingly impossible field goal from the 27-yard line.

Ten Bruins—Captain Russell, Parry, Reynolds, McDonald, Clark, Masters, Bartosh, Henslee, Burke and Rodgers—closed their careers in this game.

Baylor	6	6	.500
Texas A. & M.	5	7	.417
Texas	5	7	.417
Texas Christian	1	11	.090

**B**AYLOR'S BEARS, doped to finish at the bottom of the conference heap, surprised sports critics with numerous upsets during the season to finish in fourth place on the league percentage chart. The Bruins played on even terms with every team in the conference, and only a pair of heart-breaking, last-minute defeats by the Texas Aggies, an inferior outfit, kept them from finishing among the leaders.

Two of the Bears, Wilson White and Bubba Gernand, the forward combination, placed high in the conference scoring parade, and another, Boyd (Jelly) SoRelle, a scrapping guard, made the second team mythical selection picked by leading sports scribes of the state for the Associated Press.

Ken Clark and Hubert Kirkpatrick were the other members of the first string, and Fred Vinson and Buck Avery completed the list of lettermen. SoRelle, Clark and Vinson finished their eligibility.

The full-season results of Baylor's game is as follows:

### NON-CONFERENCE.

Baylor	16	Hardin-Simmons	37
Baylor	6	Hardin-Simmons	23
Baylor	27	Daniel Baker	26
Baylor	36	Daniel Baker	17

Baylor	40	Texas	39
Baylor	36	Rice	40

## TENNIS '36

**D**EFEATING every team in the league except the Texas and Rice netmen, the Baylor tennis outfit completed a successful season in the 1936 campaign. Harold Fickett, Charles McCleary, Steve Powers, Hugh Wilfong and Tommy Cotner were the five members of the team.

In the opening match of the season, the Bruins dropped a 4-2 decision to the University of Oklahoma racquet wielders, but defeated another non-conference rivals, Louisiana college of Pineville, by a 5-1 score.

Several members of the team put up a spirited fight before losing a 6-0 decision to the Texas outfit. Fickett played Lindsey Franklin, number one man of the conference, on even terms before succumbing 6-8, 3-6, 4-6. Hugh Wilfong and Steve Powers dropped a close 6-3, 5-7, 6-4 match to a Texas doubles team.

The Bruins belted the T.C.U. Frogs twice by 6-0 counts, and outswatted the Texas Aggies by a 4-2 score.

In the conference meet, Fickett and McCleary advanced to the semi-finals before losing a 6-4, 6-3, 6-4 match to Franklin and Weller, Texas combination and winning doubles team in the conference. Powers went to the quarter-finals in singles. The Bears finished second in the tourney by placing a notch higher than Rice in the various brackets, but they dropped a dual meet to the Owls earlier in the season.

Fickett, Powers and Cotner will be back for another season of eligibility this spring. Buck Avery is expected to be the fourth member of the quartet.

### SEASON'S STANDING

<i>Teams</i>	<i>Won</i>	<i>Lost</i>	<i>Tied</i>	<i>Pct.</i>
Texas.....	13	2	0	.867
Texas A & M.....	9	5	1	.633
Texas Christian....	8	7	0	.533
Baylor.....	7	7	1	.500
Rice.....	5	10	0	.333
Southern Methodist	2	13	0	.133

CHAMPIONSHIP hopes in the Baylor baseball camp were bright at the beginning of the 1936 season, but the material had been overrated and the Bruins dropped to fourth place in the stormy pennant scramble. The University of Texas Longhorns, perennial diamond champs, outclassed the field, and dropped only two games during the season's run.

Listed among the Baylor ranks were several stars who received all-conference recognition. Lloyd Russell and B. B. (Jelly) SoRelle made the Southwest conference sports scribe's team, and Theo. Alford, Howard Lee, W. W. (Doc) Henslee, Mike Duecy, Bill (Rabbit) Marstaller and Fred Vinson were accorded honorable mention.

The Bruins won a pair of non-conference games from the University of Oklahoma Sooners in the first games of the season. Duecy hurled the Bruins to an 8-5 victory in the first tilt, and SoRelle won an 8-7 decision in the second match.

In the opening league contests of the season, the Grizzlies split with the Texas Aggies. The cadets hopped on Duecy and Alston to win a 13-11 slugfest, but SoRelle evened the count with a 7-3 win the next day. Henslee slammed out a home run in each game.

On two windy, March days in Dallas the Bears divided a pair of contests with the S.M.U. Mustangs in Dallas. SoRelle pulled through a 4-3 verdict in the first tilt, but Duecy dropped the second game by a 4-1 margin.

## BASEBALL '36

SoRelle outpointed Norman Branch, the ace of the Texas pitching staff, by an 8-7 score in the first game of the season played between the Bear and Longhorn nines, but the Steers belted the Bruins in a closely-contested bout the next afternoon.

In a pair of merry hitting frolics, the Bears divided two games with the Rice Owls. Scale's slab work defeated the Bruins in the first game, and Duecy won an 11-4 victory in the second game. The Bears hopped up to College Station to battle the Texas Aggies to a 11-11 deadlock. The game went 13 innings, and was called on account of darkness.

Duecy's wildness spelled defeat to the Bruins in a crucial match with the Texas Longhorns. Midkiff won the 9-3 triumph for the Dischmen. SoRelle pitched the Bruins to a 7-5 victory over T.C.U. in the first of a two-game series, but the hard-swatting Frogs drove Duecy and Alston to the showers to win a 13-8 victory in the second match.

SoRelle went the route for the Bruins to win a 9-7 victory over the Rice Owls, but the Bears continued their .500 per cent play with a 5-2 loss to the T.C.U. Frogs. In the final game of the season, Duecy limited the S.M.U. Mustangs to two scratch blows to blank the cellar Pony nine 5-0.

## TRACK '36

SCORING ten points at the Southwest conference track and field carnival to take fourth place, Coach Ralph Wolf's 1936 trackmen compiled the best record made by a Baylor track outfit in a number of years. The Bruins finished ahead of Texas Christian, Southern Methodist and the University of Arkansas at the conference exposition.

The University of Texas team successfully defended its title by scoring 64½ points to Rice Institute's 37½. Texas A & M took third place with 32½ points.

Baylor's points were scored by Lloyd Russell, James (Cotton) Kimbriel and Fred White. Russell scored six of the points with second places in both the broad jump and javelin throw. Kimbriel finished second in the 12-yard high hurdles, and White captured a fourth in the mile run.

In the first meet of the season, the Bears finished ahead of T.C.U. and S.M.U. to take second place in a quadrangular affair. The Texas Longhorns won first honors with 68 points; Baylor scored 34 points; T.C.U. made 32, and S.M.U. tallied 23. Kimbriel, who outlegged the field in the high hurdles, won Baylor's only first place. White placed second in the mile run; James Clements took third in the mile; Russell won a third in the low hurdles, tied for first in the javelin throw, and captured a fourth in the broad jump; Colis Mansker carried home a third in the shot-put; M. C. Ledbetter won second in the low hurdles, and Buck Avery finished second in the pole vault.

The Bears defeated the T.C.U. Frogs in a dual meet on the Carroll field cinders by a 66-57 margin. Earl Wray, who sprinted to victory in the 440-yard dash, was outstanding in the victory. Kimbriel topped the barriers for an easy win in the high hurdles, and Buck Avery took premier honors in the pole vault. White took first place in both the mile and two-mile races, and Clements was second in the two events.

## TRACK '36

Owen Parry won a first in the discus throw, and a second in the shot-put. George Moers and Rufus Conoley were first and second, respectively, in the javelin throw, and Ledbetter took a second in the low hurdles.

Winning one of the few triangular meets in Baylor's history, the 1936 tracksters defeated the T.C.U. and S.M.U. teams in Fort Worth. The Bears scored 68 points; T.C.U. finished second with 58, and S.M.U. took third with 38.

Kimbriel, Parry, Hawthorne Phillips and Conoley were the first place winners for the Baylor outfit. Kimbriel, who negotiated the distance in 15.5, placed first in the 120-yard high hurdles, and Parry hurled the discus for a top place. Conoley, with a heave of 172 feet, won the javelin throw, and Phillips took first in the 880-yard run. Moers, Ledbetter, White, Clements, Rose, Wray, John Williams, Avery, Ken Clark and Phil Maxwell were other Baylor point-getters.

Coach Wolf lettered a squad of 14 men at the end of the season. Clements, Moers, Nelson, Williams and Wray completed their eligibility.

## MINOR SPORTS

L. N. DOUGLAS

To Coach L. N. Douglas, we dedicate this section of minor sports. He has been head of the Baylor Physical Education Department for the past five years. He has built the department from a mere handful of students to a first-class organization which will increase its facilities even greater very soon. A star athlete at Baylor, he ranks among the foremost baseball players ever to attend school here. He left the campus this spring to coach the University of Wisconsin baseball team and will return next fall to resume his duties at Baylor. He has been the chief factor in placing intramural activities as an important part of the students' program, and in bringing all phases of athletic activity to the campus.

### INTRAMURAL SPORTS

The Preachers have dominated the field of intramural sports during the past year. They took first place in the softball league last spring and copped top honors in the basket ball race this winter. Weldon Bailey, Lester Roloff, Arthur Rutledge, Montford Inman, Bob Leavell and Aaron Patton led the Ministers in the softball loop. Harold Fickett, Merris Dice, George Walker, Roloff, Bailey and Leavell were the members of the cage outfit.

The Preachers were offered a stiff scrap for the softball title by the Physical Education team. The latter team led the league for several weeks, and dropped the championship in a playoff for the title. The P. E. boys won the volley ball championship in the fall.

The Ramblers, a team composed of Brooks Hall boys, captured the football crown. Horace Moore, Everett McCracken, Harold Oldham, and Tom Schotts were the stars of the team. Malcolm Baldwin was manager.

## MEN'S PHYSICAL EDUCATION

**B**AYLOR's Men's Physical Education department has grown with leaps and bounds during the past several years. There were more students enrolled in the department during the past year than ever before, and the organization increased its activities in accordance with its growth.

Fencing was included among the courses offered this year. Homer Rogers, ministerial student from Dallas, coached the fencers, and he entered a team in several of the leading Y. M. C. A. meets of the state. A successful tourney was held on the Baylor campus under Rogers' jurisdiction.

Foster Coleman had an adept group of tumblers this year. His troupe performed between halves of the basket ball games during the winter.

The physical education department sponsors the intramural leagues, and also conducts all-university day, the annual play day for the students and faculty members.

The new asphalt tennis courts provided many of the students with relaxation. The physical education department had these courts constructed, and reservations were made for use of them through the department.

L. N. Douglas is the head of the department. He will complete his requirements for a doctor's degree this summer at the University of Wisconsin.

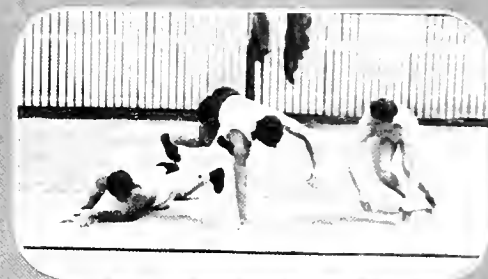

Freshmen were required to take a health education course this year for the first time. This course was a combination health, hygiene and sanitation study.

## WOMEN'S PHYSICAL EDUCATION

THE women's required activity program has as its aim the development of skills in activities that are recreational in nature. It is hoped that these activities will carry over into the extra-curricular college life and into adult life. One sport and Health Education 40 are required courses in the two-year required physical education program for women. The other four terms may be elected. The women's physical education program offers seventeen different activities, with nine listed as individual activities, six as team sports and two in rhythms.

The Women's Intramural Council is composed of:

1. The "Director of the Required Activity Program for Women."
2. The Sport Executive of the Women's Sports Association.
3. Student assistants in the physical education department who become sport managers of activities.
4. Assistant sport managers of each activity.
5. One club sport manager from each club on the campus.
6. One class manager representing each university class.

This group controls the women's intramurals. During the past year intramurals have been offered in basket ball, volley ball, tennis, ping pong, shuffleboard, archery, handball, and paddle tennis. The rhythm club, fencing club, tumbling club and nature lore and hiking clubs have been organized for those students not interested in the intramural program. It is hoped that through the intramural program and activity clubs offered by the Women's Physical Education program in conjunction with the Women's Sports Association that every Baylor woman will be given the opportunity to "play for play's sake," to find an activity that she will enjoy participating in, and to be a member of some team.

The "Hilarium" or recreation room in Memorial and Burleson dormitories offers the Baylor women more social and recreational opportunities.

The faculty badminton club is sponsored by the women's required program. Other clubs will be added next year. Students and faculty alike find enjoyment in Baylor's "All-University Day." The women co-operate with the health and physical education professional club in making this day possible.

The two most popular activities of Baylor women, as revealed in a study of last year, were swimming and tennis.

## YELL LEADERS

JOHNSON

DENTON

TARRANT

THREE steady, hard-working pepsters spurred student support to the side of a fighting Bear eleven last fall. Through their tireless efforts, student spirit rose to a pitch unequalled in many years. The Twelfth Man was present at every game to do its part toward bringing home the victory pennant, guided by energetic yell leaders Wilbur Johnson, George Denton, and Smitty Tarrant.

Denton, Chief Pepster, made the fight talks and led student-yell activities, ably assisted by Tarrant and Johnson, who worked cooperatively with Denton. Denton is a senior law student; Tarrant is a junior, and Johnson comes from the sophomore class. All live in Waco.

The student body is deeply indebted to these three for their efficient work.

## ALPHA CHI

ALPHA CHI is a national scholarship society, the purpose of which is to recognize and encourage scholarship and to promote the higher ideals of education. Its national president is Dr. H. Y. Benedict of the University of Texas. The Baylor University chapter is Kappa Epsilon Alpha. Dr. S. D. Atkins is sponsor.

Only juniors and seniors who have completed 18 majors in the University and who are in the upper five per cent scholastically are entitled to membership. During the past year, the society had a membership of 25.

The annual banquet terminated a most successful year for Alpha Chi. Meetings twice each quarter and current problems were discussed.

## KAPPA DELTA PI

KAPPA DELTA PI, an international honor society in Education, seeks to encourage in its members a higher degree of consecration to social service by fostering high professional and scholastic standards during a period of preparation for teaching and by recognizing outstanding service in the field of education. Beta Xi Chapter was installed in Baylor University, May 29, 1929. Membership is limited to those who are majoring in Education and rank in the highest twenty-five percent of the student body in scholarship. The meetings of the society, of which three are held each quarter, combine social and fellowship features with discussion of professional problems.

## SIGMA DELTA PI

SIGMA DELTA PI is a national Spanish honor society established in 1919. Its purposes are:

To reward the outstanding students of Spanish with the distinction of belonging to the National Honor Society.

To encourage a wider study of Spain and Spanish-American countries, their languages, culture, and literature, and to gain a more intimate knowledge of them and their institutions.

These three Greek letters are the initials of the words which give the society's motto:

"Let us go forward under the inspiration of Spain."

The Baylor chapter, Nu, was chartered in May, 1928. It has been very active and progressive during its nine years of life, this year lending assistance in its field not only on the campus but to Spanish organizations in Waco as well.

### OFFICERS

## PI KAPPA DELTA

**P**I KAPPA DELTA is a National Honorary Forensic Fraternity. The local chapter, known as Texas Iota, was organized at Baylor University December 14, 1928. The debate program at Baylor University is conducted in connection with the national organization of Pi Kappa Delta and membership is granted only to those students who excel in debate, oratory, or extemporaneous speaking in competition with other colleges and universities.

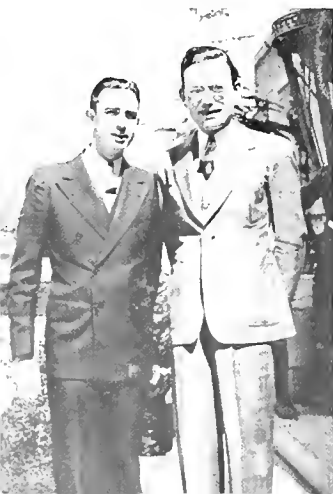

The National Pi Kappa Delta is composed of approximately 150 colleges and universities throughout the United States. At the biennial National Tournament held last year at Houston, Baylor University won first place by taking first in women's debate, second in men's debate, second in men's extemporaneous speaking, and fifth in women's oratory.

The debate program this year has been one of the most successful in the history of debating at Baylor University. At the time this Annual goes to press, the men's teams have won first place in five major debate tournaments and in two of them, two Baylor teams went to the finals, thus winning both first and second. The women's teams have won first in four tournaments and in one tournament two Baylor teams went to the finals. In all contests, Baylor speakers have won more than thirty trophies this year.

### OFFICERS

## PI GAMMA MU

**P**I GAMMA MU, National Social Science Honor Society, was organized at Baylor University in the fall of 1925. The purpose of the organization is to encourage high scholarship in the study of social sciences and to encourage graduate work in a definite field in one of the social sciences. Ben Wilson was chosen president for the past year.

## BETA PI THETA

**B**ETA PI THETA, National French Honorary Society, was founded by Professor W. M. Briscoe at Baylor University in 1927. Its purpose is to promote interest in the French people, the history, language, art, music, and literature of France. Robert Berry and Virginia McGaughey served as presidents during the year.

## ALPHA PSI OMEGA

THE Gamma Lambda Cast of Alpha Psi Omega, National Dramatic Fraternity, was organized in Baylor University in the spring of 1930. The Greek letter Psi, meaning mind and spirit, is combined with Alpha and Omega to signify that mind and spirit are the beginning and the end of acting. The motto is "Seek a life useful."

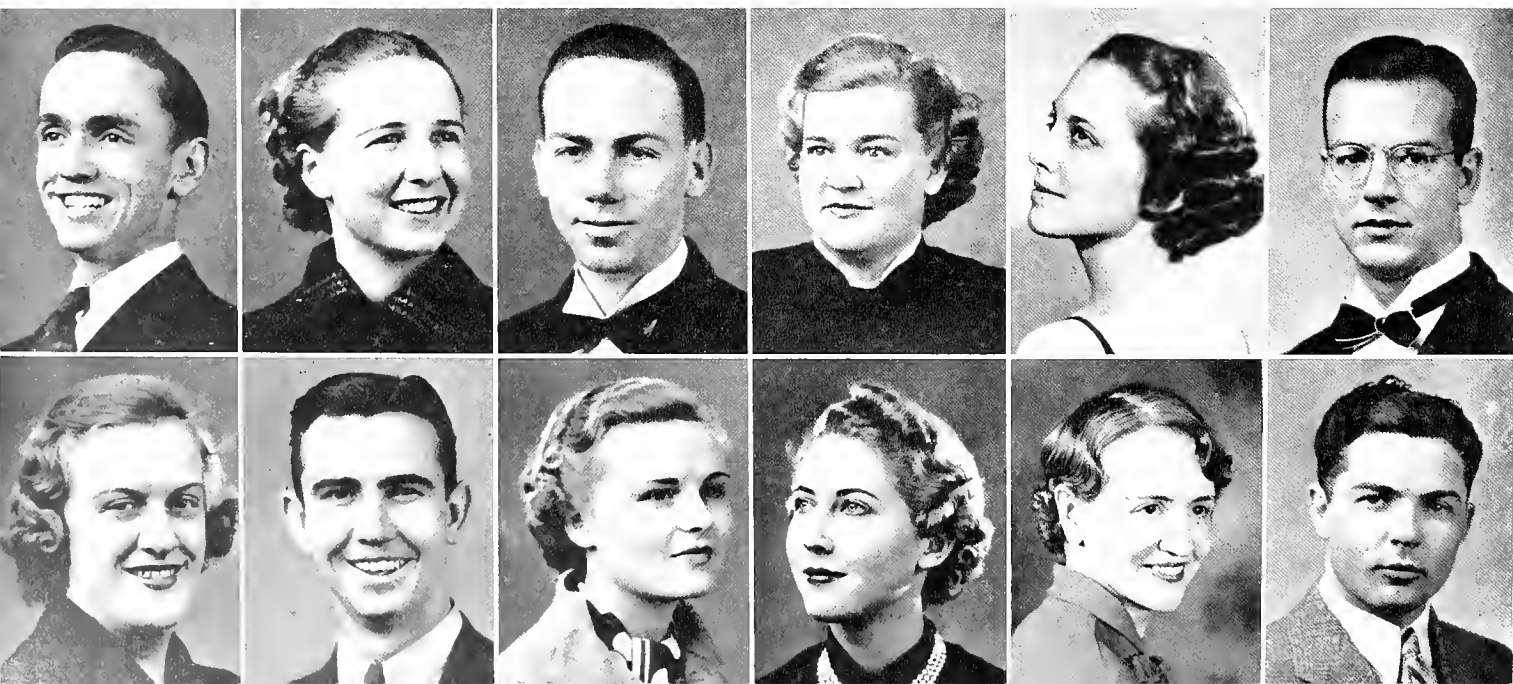

In carrying out the cardinal principles of Alpha Psi Omega the Baylor cast has through the years sought to do a work worthy of its ideals. For several years it fostered a classic drama produced by its members. On two occasions it brought professional troops to our Baylor audience. The members decided that since they took active part in all Little Theatre productions they would, this year, devote their meetings to a study of present trends in the theatre.

Membership in Alpha Psi Omega is earned by outstanding dramatic achievement in acting, playwriting or production of work which is distinctive, and hence worthy of a pledge to Alpha Psi Omega.

## LITTLE THEATRE

SINCE the founding of the Baylor Little Theatre on October 4, 1925, the University has enjoyed a long string of dramatic productions by its student members. The Little Theatre has been guided from its inception to the present by Miss Sara Lowrey, the first director. During the last three years, Mr. Paul Baker has been the director.

With the combined efforts of Miss Lowrey and Mr. Baker, the diversification, volume, and quality of their work has been increasing. During the current year, the organization presented:

"Winterset"—Maxwell Anderson.

"History of Texas Baptists" (Pageant)—Dr. J. M. Dawson.

"The Intruder"—Maeterlinck.

"The Intruder", a one-act play, won first place in El Paso in the State Inter-collegiate contest. Wilbur Schwartz won the Samuel French plaque for best individual actor, and Mr. Baker received the distinction of best director.

A number of new projects have been inaugurated this year. Among the most important are the making of a more adequate workshop theatre from the present speech auditorium, and the presentation of street plays from a wagon stage to sections of the city which cannot otherwise be acquainted with the legitimate stage.

## ATHENEAN CLUB

THE Athenean Club was organized, with the approval of the University faculty, in the fall of 1935. The purpose of the club is to promote a closer relationship between town and dormitory girls in Baylor.

Charter members of the club are Mary Helen Neelley, Ruth Kaye Tidwell, Marjorie Ben Adams, LaVerne Sullivan, Elen Jones, Alice Overstreet, and Clare Reihn Smith. Miss Sara Lowrey was the first sponsor of the club, during the year 1935-36, and Miss Mettie Rodgers was the sponsor during the 1936-37 school year. Adopting Baylor's colors of green and gold, the club has functioned with a large degree of success since its beginning.

## GOLDEN WAVE BAND

THE Baylor University Golden Wave Band, under the direction of Professor Everett McCracken, symbolizes the spirit of Baylor and has enjoyed outstanding success during the year 1936-37. It accompanied the football team on trips to Fort Worth, Austin, and Tyler, playing for the annual Rose Festival in the latter city.

Each trip was a success whether in defeat or victory. The faithful performance of all duties at all times by the band has merited the undivided support of the student body and administration. A number of social gatherings for the band were held during the year including 'possum hunts, picnics, and the annual banquet. At practically every event of importance in the realm of the University the band was on hand to do its part in promoting the interest of the school. The many favors and expressions of appreciation by those who enjoyed the performances served to repay the organization for its work.

Regular concerts in Waco Hall during the year have been open to the public, and the music prepared for the enjoyment of those who attend the concerts has been well received.

The director, drum major, sweetheart, officers and each member of the Golden Wave wish to express their appreciation for the support given this year by the students, the University, and the public. The band will endeavor to serve you as well in the future as in the past.

Much of the success of the band is due to the capable direction of McCracken, one of the outstanding band leaders of the South.

# ALPHA OMEGA

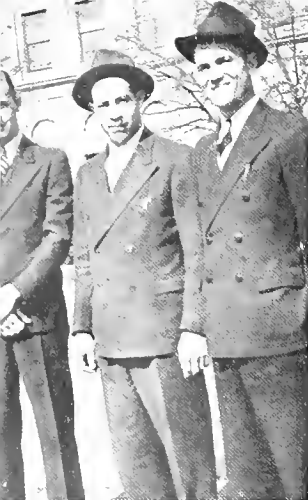

THE Alpha Omega Club had its beginning in April, 1924, at which time Dr. Charles D. Johnson, then head of the Baylor Department of Journalism, was instrumental in founding the girls' organization. The name "Alpha Omega" suggested by Dr. Johnson, was chosen because of the intellectual qualities and cultural attainment found in the use of the Greek letters and all that was ethical and moral in the words chosen from Revelation 22-13.

At the present, Alpha Omega is one of the leading organizations of the campus. Members are chosen because of high scholastic standing and ability to uphold the Alpha Omega ideals of Loyalty, Love, and Service.

When the Women's Missionary Union started a campaign to raise funds for the erection of the Women's Memorial Dormitory, the Alpha Omega Club gave the first \$5,000 paid in cash by any organization or club into the dormitory fund. The tradition of faithful workers has been kept up, and the Alpha Omegas are now striving toward the erection of a new swimming pool for the University.

## BAYLOR CHAMBER OF COMMERCE

COMPOSED of a select group of men students, the Baylor Chamber of Commerce has as its primary aim the promotion of athletics and fellowship at Baylor University.

Each fall, the Chamber publishes, with the cooperation of the Publications, a registration guide for transfer and freshman students. For an entire week preceding Homecoming, the organization sponsors a "Goodwill Week", and special Homecoming Day ceremonies are conducted by C. C. men. For the past two years, gigantic parades have been planned, although the last one was rained out. A Homecoming Sweetheart election is held in chapel from nominees provided by various campus organizations.

As a means of providing money for the Athletic Fund, the Chamber of Commerce sponsors sale of football ribbons in the fall and a spring all-men show. Last football season, the Chamber sold cold drinks, sandwiches and candy on two special train trips.

This organization tries to encourage freshman athletes to maintain a high scholastic record and tries to secure high school graduate football prospects. A cup was awarded Joe Woodward, freshman, for having the best scholastic record during the fall quarter.

The annual all-male show with ten beautiful (?) men chorines was the highlight of the spring season. It was named "How Edward Wins 'Er" and was a satirical production on the King Edward-Wallis Simpson courtship. The leading actors and chorus ladies are pictured above.

Among other activities of the year, the Chamber of Commerce has charge of the Baylor Trophy Room, assists the University and other organizations in worthwhile projects, and takes part in intramural sports. A fund for yell leaders was opened by the Chamber and other organizations donated liberally in order that the pepsters might be better provided for next year and in the years to follow.

*Prexies Hunt and Shepperd*

## WOMEN'S SPORTS ASSOCIATION

THE Women's Sports Association has as its aims to provide an opportunity for all girls to participate in some sport, to develop among the college women a spirit of "play for play's sake", and to develop a fellowship among Baylor women.

The W. S. A. has provided a recreation room in the attic of Memorial Dormitory called the "Hilarium" which contains a W. S. A. clubroom, a social and recreational center. A Fencing Club, a Rhythm Club, and a Nature Study Club have been added to the W. S. A. activities this year.

The Baylor Women's Sports Association is affiliated with the National Athletic Federation of College Women and also with the Texas Athletic Federation of College Women.

## D. A. P. CLUB

THE D. A. P. Club, founded February 26, 1935, is one of the most recently organized clubs on the campus. Its purpose is to promote a better friendship among girls in Memorial Dormitory, and to bring them closer together in an intellectual and social manner. The club has donated several useful gifts to the dormitory and the university. Charter members are Jimanne Boguess, Doris Brogdon, Edith Smith, Evelyn Wylie and Mary Elizabeth Williams.

The membership is limited to twenty-five selected from the sophomore, junior, and senior classes. The requirement for membership is a good moral character and a willingness to learn that which is best suited for a better life.

The first of its annual banquets was held March 20, 1937, with Dr. Lorena Stretch as honored speaker. Mr. and Mr. John C. Jolley are sponsors of the club.

## UNIVERSITY URBANITES

THE University Urbanites, a club composed of Waco-Baylor girls, was organized in 1927 for the purpose of bringing about a closer relationship between town girls and dormitory girls. This purpose has been furthered by two outstanding social events of the year. The first was in honor of all freshmen girls and all other dormitory girls and was in the form of a tea held at the beginning of the school year. The second affair was a social event early in the spring. Members of other Baylor girls' clubs, Alpha Omega, D. A. P., and Athenean, were entertained with a seated tea at the home of Miss Lillian Riley. Mrs. Helen Pool Baldwin spoke on "Friendship."

The annual formal banquet was the outstanding social event for members. Mattie Bess Coffield was toastmistress and Bill Henderson, football coach, was chief speaker.

One of the major projects of the year was a style show held at the Waco Theatre. Other projects included caring for a family of six children at Thanksgiving and Christmas and candy sales. The fund to be donated to the school has been increased.

## NOSE BROTHERHOOD

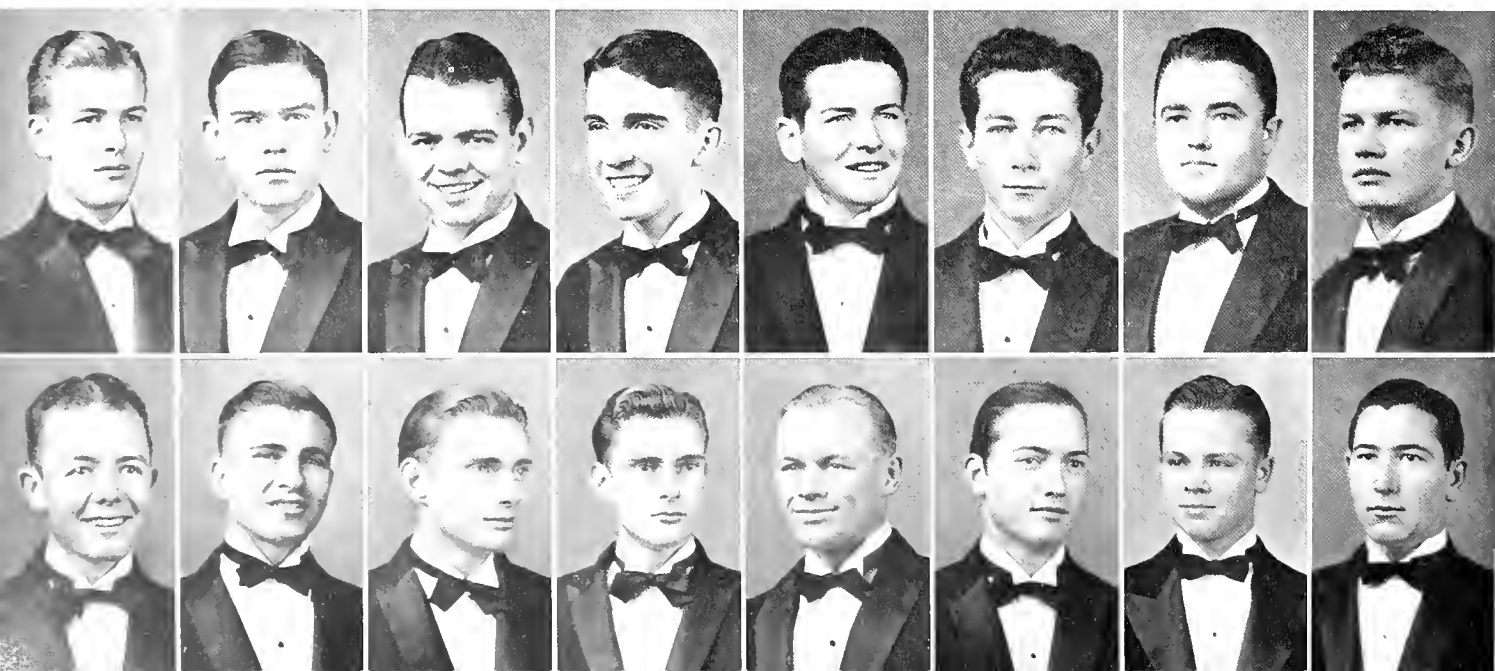

BY VIRTUE of instructions set forth in the Holy Law, the deep-seated influence of Ex-President Long Nose Shoaf, and the active guiding hands of Brothers Gale Nose Florence, Pig Nose Phillips, and Corner Nose Turner, the Nosemen have enjoyed a good year, and the club has been greatly rejuvenated. The Annual Pink Tea was a social highlight. Keokomuckimuck, Keokomuckimuck, Keokomuckimuck, and Satchel!

## PRE-LAW CLUB

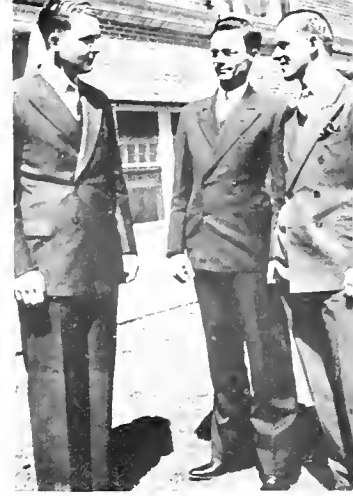

THE Pre-Law Club was organized for the purpose of bringing together students who plan to enter law school. The 1936-37 school year was one of the most successful in its history. Its leaders for the year were James Moore and Rene Paul Henry. Moore was president for two successive terms.

*Bottom row—* McLEAN, NAYLOR, B. NUNNALLEE, H. NUNNALLEE, RALFY, SCHAUDIES, TARRANT, WELLS

*Presidents Bailes, Turner, McNee*

## PRE-MED CLUB

UNDER the sponsorship of Dr. George E. Potter, the Pre-Med Club has maintained the largest organization in several years. The purpose of the club is to bring together Pre-Meds so that topics of interest might be discussed before this special group. During the year, all of the pre-medical faculty have spoken to the club, a number of outstanding physicians lectured to the group, and medical motion pictures were shown.

In the fall, the Pre-Med Club held a buffet supper at the Roosevelt Hotel, a social event inaugurated for the first time. The main social event was the annual banquet held during the winter quarter. Dr. W. H. Moursund, dean of Baylor Medical School, was the principal speaker. In the spring, the annual picnic was held.

## BROOKS HALL COUNCIL

THE Brooks Hall Student Council was first organized in 1923 and has functioned actively since that time. Members of the council are chosen each spring in an election among dormitory men. Its chief concern is to promote scholarship and the general welfare of dormitory residents, and to assist the superintendent in disciplinary problems.

Several steak dinners were given in the dining hall in the fall quarter, and the spring open house social provided entertainment for guests from the entire student body.

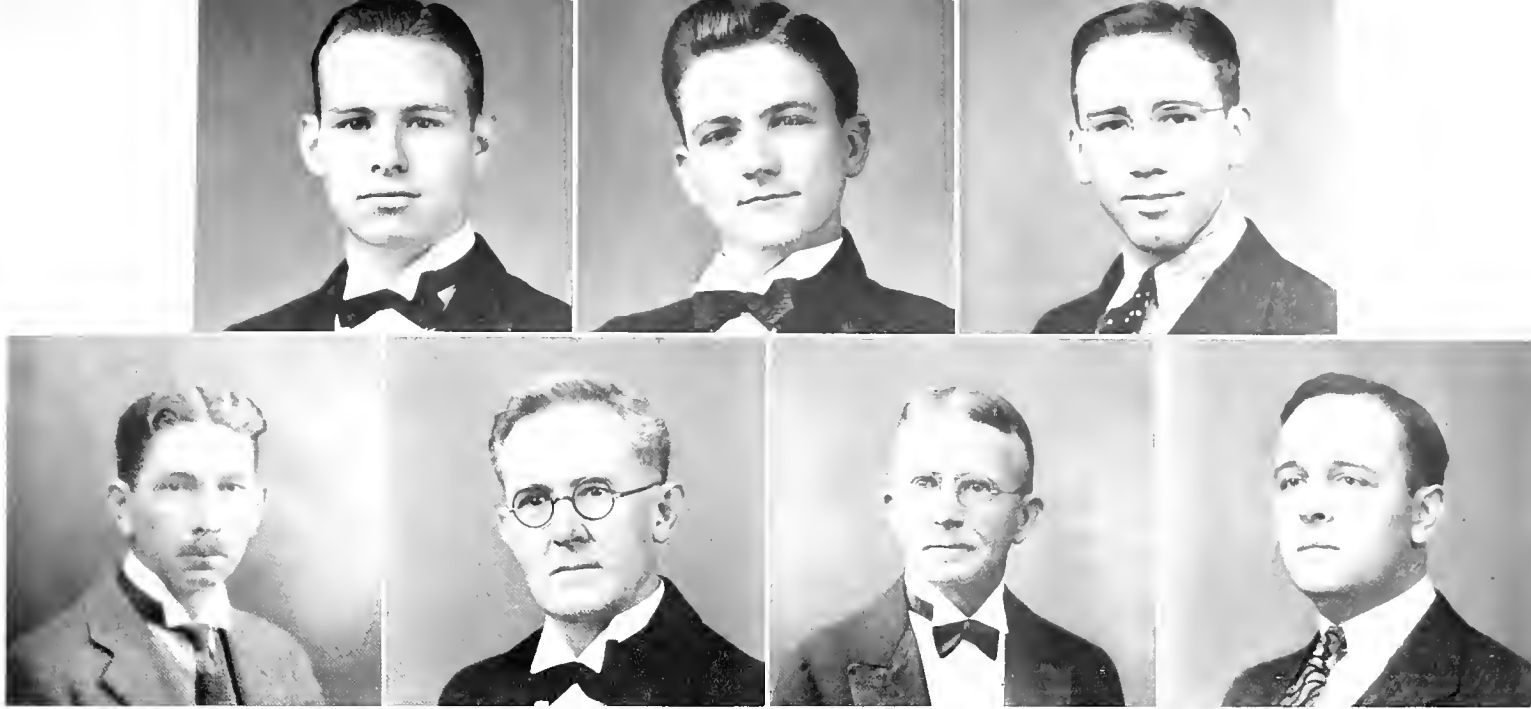

Under the direction of Superintendent John C. Jolley, the dormitory has undergone many improvements and is one of the finest homes for college men in the South.

## BOARD OF PUBLICATIONS

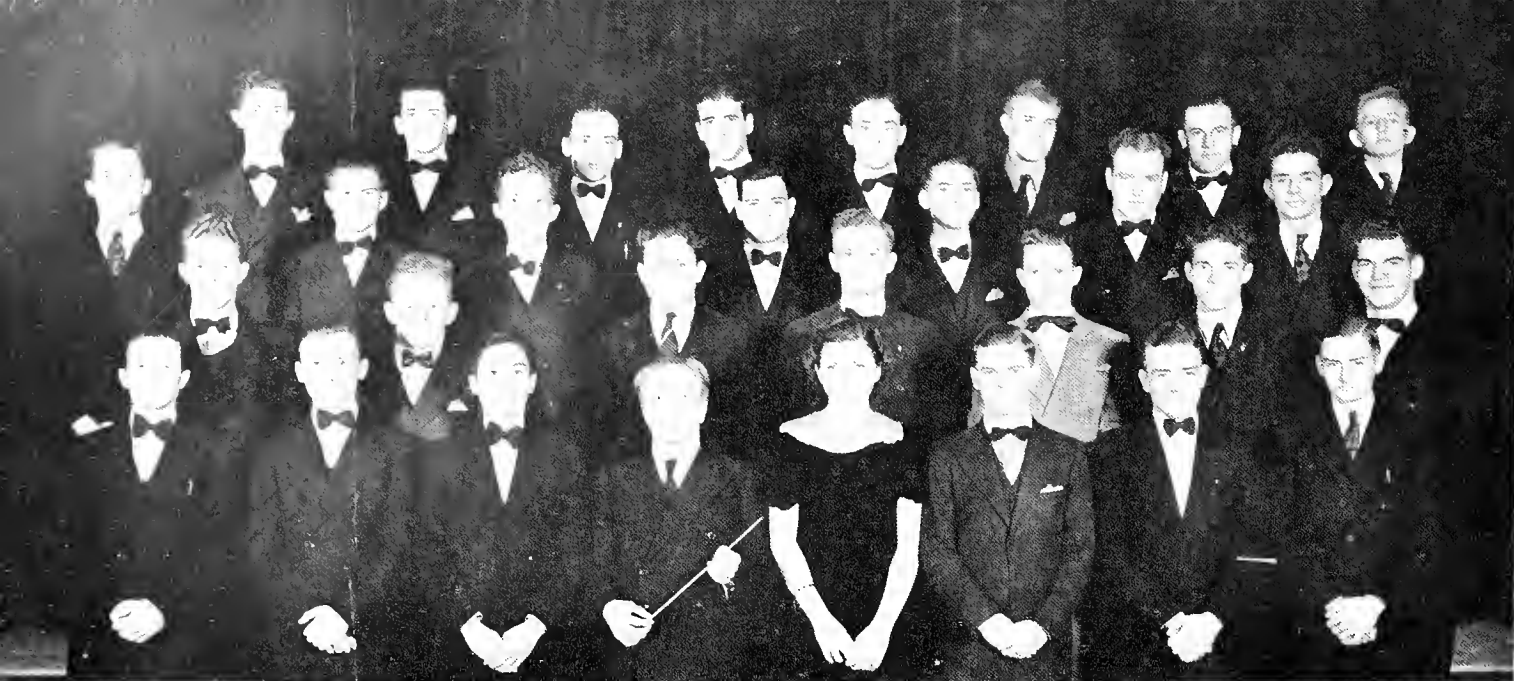

STUDENT publications are under the direct supervision of the Board of Publications. This board elects the editors of the Round-Up and Lariat and makes contracts with them for the year's work. It consists of four representatives from the faculty and three from the student body. Student members are chosen by popular vote, two from the senior class and one from the junior class.

## GIRL'S CHORAL CLUB

UNDER the very capable direction of Robert Hopkins, the Choral Club completed a very successful year. In fostering good music and group singing, the club has achieved much. Officers for the year were Nell Milburn, President; Dorothy Marie McElroy, Vice-President; Lawrence Lumpkin, Secretary.

## MEN'S GLEE CLUB

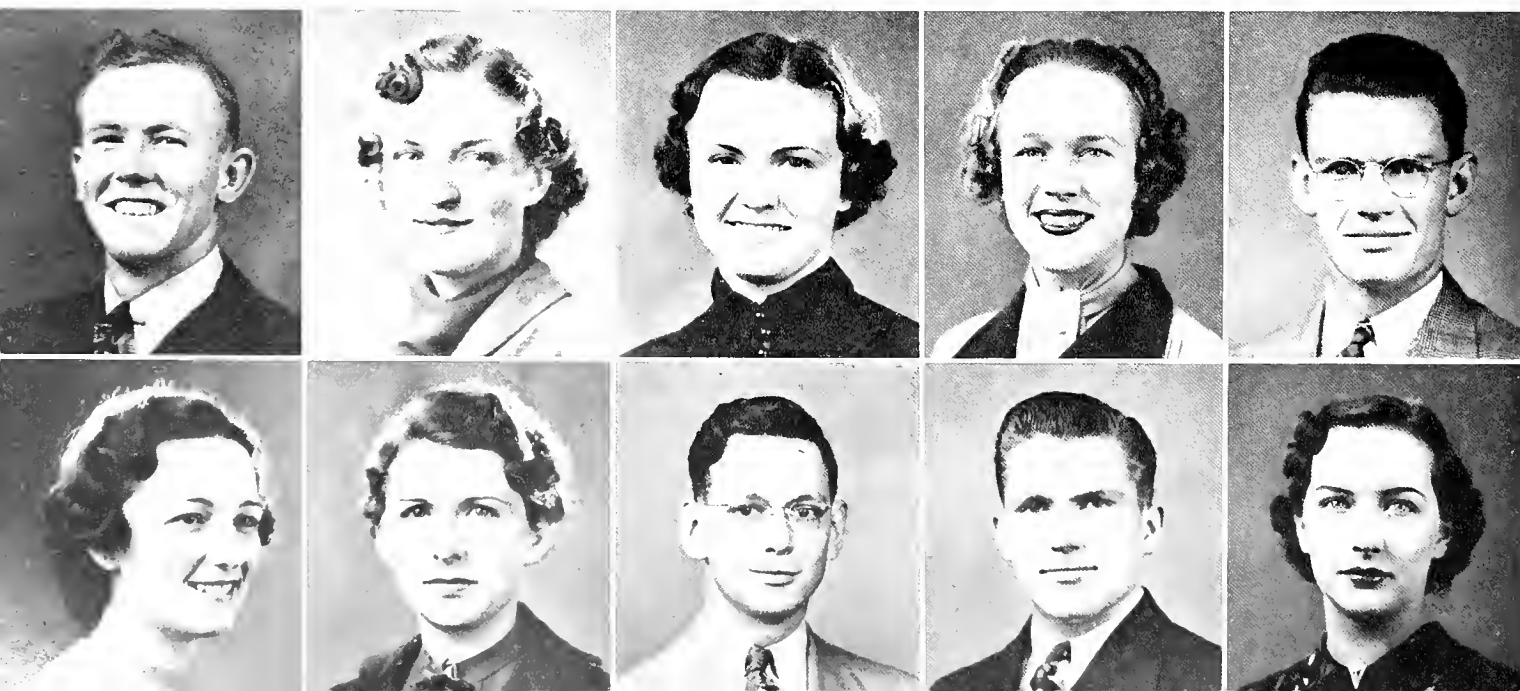

THE Baylor Men's Glee Club enjoyed a successful year under the direction and leadership of Robert Hopkins, professor of Voice. Several chapel programs were arranged by the club for the entertainment of the student body. Roy Bass was president for the year; Joe Loving was vice-president; Lawrence Lumpkin was secretary, and Anna Lee Cobb was accompanist.

## HOUSTON CLUB

HOUSTON students organized the Houston Club three years ago, and since that time, it has grown into an active young organization. Each year more than thirty students from Houston have been members of this club and have entertained with socials both at Baylor and in Houston. Weldon Bailey was president for 1937 and Mr. and Mrs. Gribble were sponsors. Dorothy Bond was vice-president and Eloise Kainer, secretary.

*Bottom row—* KAINER, KENNERLY, LAMBERTH, NANNA, PRINCE

## VARSITY "B" CLUB

VARSITY "B" CLUB, an organization of athletes who have earned one or more letters in one of the five major sports of intercollegiate rank—football, basketball, track, tennis, and baseball—was formed this year, soon after the Christmas recess. It marked the existence of such a group at Baylor for the first time since 1905, and was organized by a number of athletes who felt that such a unit was needed. Its primary purposes are promotion of better and closer fellowship among the Baylor athletes, and the advancement of Baylor athletics and sports program.

Lloyd Russell, all-conference football and baseball star, and the only four-letter man in school at present, was elected first president of the Varsity "B" Club, as partial recognition of his untiring efforts in setting up the details of operation, and as a tribute to his athletic prowess.

One of the first steps taken by the group was the discouragement of students wearing on the campus any athletic award insignia save those given by Baylor University. The Varsity "B" Club also co-operated closely with other organizations in promoting Baylor athletics.

*President Russell  
Sponsor Jennings*

## HOME ECONOMICS CLUB

THE Home Economics Club was organized in 1933. It is affiliated with the Texas Home Economics Association and the American Home Economics Association. Meetings are held semi-monthly with outstanding speakers and demonstrators. Pearl Dorbandt was president for the first half of the year, and Fayrene Knight was president for the last half. Mrs. Polly Guither and Mrs. T. C. Cardwell are sponsors.

## BAYLOR BOOK STORE

THE Baylor Book Store is owned and operated by the University. Located in the Sociology building, it handles all textbooks and school supplies needed by the students, and carries a line of novelties such as pennants and jewelry. The policy is to sell to the students as cheaply as possible, taking care that the store shall give good service and pay running expenses. R. L. Lamb, Coolidge, was manager of the book store for the 1936-37 school year.

*Chadwick, Roloff, and  
Cluck, presidents all.*

## MINISTERIAL ALLIANCE

THE Ministerial Alliance was organized on the Baylor campus to promote fellowship and spirituality among the ministerial students of Baylor.

The organization takes an active part in all the religious affairs of the campus. Each term the president represents the club on the B. S. U. Council. Many members are active as part-time and full-time pastors in churches near Waco.

To be a member of the Ministerial Alliance, a person must have as his life's vocation the ministry and must be recognized as such in Baylor University.

## B. S. U. COUNCIL

THE B. S. U. Council is the executive body of the B. S. U. organization as a whole. Every enlisted Baptist student in the university is automatically a member of the B. S. U. It is not an organization which one must join.

Having originated on the campus of Baylor University, the organization has as its aim the uniting of the college churches, and the school as its symbol, the three connecting links, indicates. The Council seeks to enlist as its members those students who are interested in religious work and are capable of leadership, are competent, and consecrated.

The B. S. U., seeking to promote the spiritual atmosphere on the campus, sponsors each week the Baylor Religious Hour for all students of the University. This meeting presents guest speakers at 7 p. m. each Wednesday.

Looking to the spiritual needs of the students, the administration has seen fit to devote one week each year to the annual revival. Having a fixed place on the calendar for the year, the revival is always of much interest and help to the student body. Revival services are under the auspices of the B. S. U.

The Extension Department of the B. S. U. is one of the most successful and practical. It conducts street services, jail services, and extends its influence into Mexican homes, county farm, and the U. S. Veterans' Hospital.

Every Tuesday night at 10:45, the Baylor dormitories and rooming houses sponsor Friendship Circles. The local radio station allots fifteen minutes time each week for this form of worship.

The B. S. U. has organized a Y. W. A. on the Baylor campus, with an enrollment of 85 girls and a special room in Burleson Hall.

*President Chambliss*

*Top row*—JOHNSON, HASTINGS, KEYS, KINDER, NASH, NORRIS

*Bottom row*—PRIBOTH, SACCAR, TATUM, B. WILSON, N. WILSON, WILBANKS

## B. S. U. COUNCIL

**T**HIS year the B. S. U. has co-operated in general manner with the Tidwell Memorial Building Committee by making two separate contributions to carry on the expenses of the committee.

Social activities are not neglected. Every quarter the Council sponsors an all-university social to develop social life along with spiritual life. The Freshman Round-Up, a social event for freshmen and transfer students, during the first week of school was a highlight of B. S. U. social work. A new addition to the B. S. U. activities is the Ridgecrest Club, formulated for the purpose of stimulating interest in the South-wide B. S. U. Retreat at Ridgecrest, North Carolina.

A religious week, with student speakers, was conducted in March. Lloyd Russell conducted services featuring the following speakers: Mrs. Ruth Martin Spencer, Henry Ward, Carroll Chadwick, Frank Rosson, and W. C. Dobbs.

## FIRST BAPTIST FIDELIS CLASS

UNDER the loving and inspiring tutelage of Mrs. J. M. Dawson, the Fidelis Class of the First Baptist Church continued in its sixty-third year of active religious work. Thanksgiving baskets were distributed throughout the city and at Christmas time children in the Evangelia Home and the Mexican Mission were cared for. At Easter time, baskets were prepared for children in Buckner Orphans' Home in Dallas. A luncheon at Valentine was given for the "Big Sisters" of the class as well as the members, and visits to the sick and shut-ins were among the class activities for the year.

## FIDELIS CLASS, SEVENTH AND JAMES BAPTIST CHURCH

**T**HE Seventh & James Fidelis Class has enjoyed a most successful year with Miss Gladys Allen as teacher and Clesta Norris as president. The class had consistently a larger attendance than ever before, and throughout the year was active in charity work.

## BEREAN CLASS, SEVENTH AND JAMES BAPTIST CHURCH

**T**HE Berean Class has served as a guide for the religious worship and training of a large number of Baylor men for 1936-37. With Jimmie Cunningham as president for the year, the class has been a progressive organization. Mrs. Esther Leuschner was teacher.

## BARACA CLASS, FIRST BAPTIST CHURCH

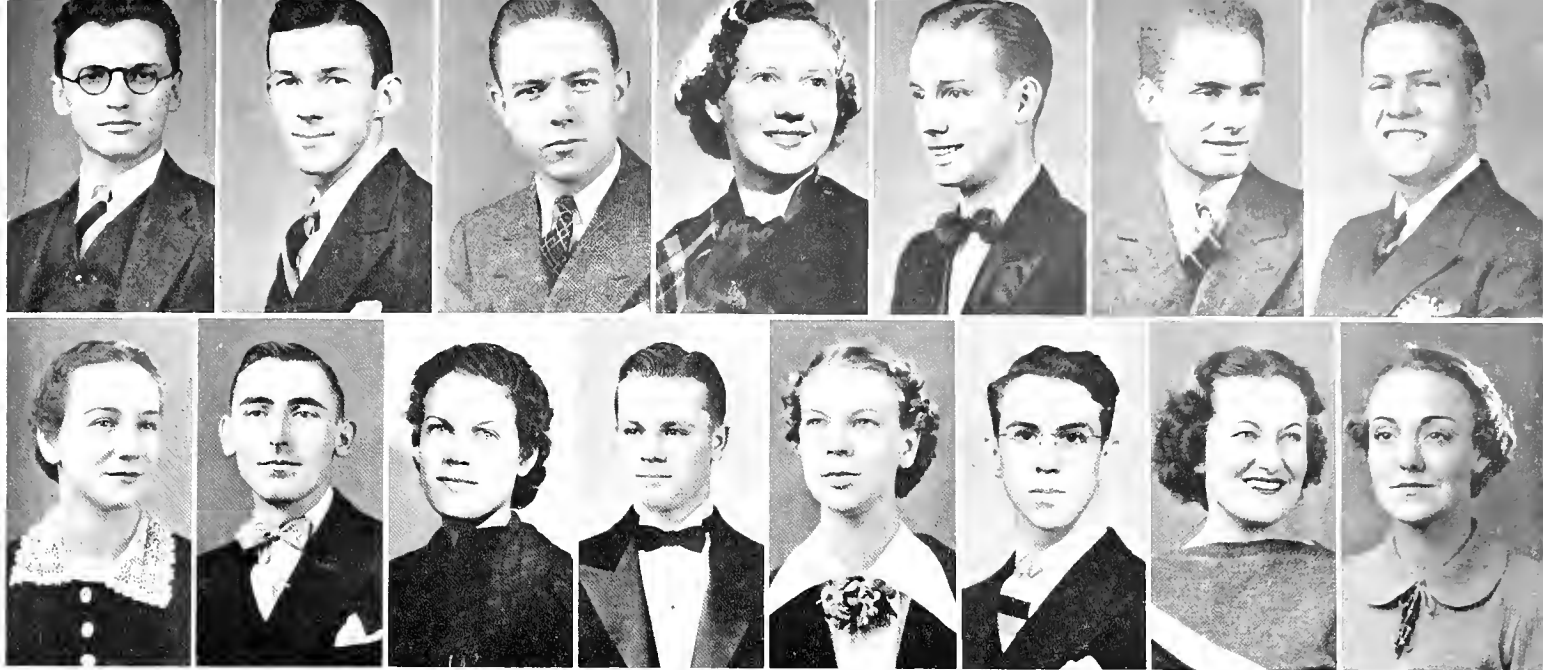

WITH Prof. Monroe S. Carroll as teacher, the First Baptist Baraca Class enjoyed a most successful year. Truett Grant and Ben Wilson served as presidents of the class.

## BAYLOR PRESS

THE Baylor Press, managed by M. R. Goebel, is one of the most efficient organizations in the University. The type is well selected; it is equipped with modern machinery; and only a high standard of work is turned out. Work is done chiefly by students. The Daily Lariat, the Student Directory, the Baylor Bulletin, blanket tax certificates, student work, and commercial work are printed and prepared by the University Press.

*Top row—PROVENCE, BONNER, DILLARD, BLUDWORTH, BALDWIN, HORNBY, SCOTT*

*Bottom row—WALLER, BRYSON, McLERRAN, TARRANT, ROGERS, FERGUSON, PARSONS, MCGUIRE*

## DAILY LARIAT

**I**N PURSUANCE of the policy that a thorough campus news coverage is the first duty of every college newspaper, the Daily Lariat staff of 1936-37 concentrated on gathering and preparing for Baylor students as clear, concise, and correct account of University events and personalities as was possible. Impartial handling of all stories was stressed at all times. At the same time, the editors sought to advance every worthwhile activity to the best abilities of the publication, basing their judgment on the things that were of paramount interest and benefit to the largest number of students.

Expansion of the page size from four to five columns, with a corresponding extension of column lengths, gave the make-up editors more possibilities for pleasing typographical arrangement than has been available since the Daily Lariat was reduced to tabloid size several years ago. Addition of new fonts and faces of headline type did much to give variety to the paper's appearance.

## THE 1937 ROUND-UP

THE ROUND-UP is maintained solely through student support and the sale of advertisements. It is controlled by the Board of Publications, consisting of members of the faculty and student body.

As we close this organization section, put the lid on our paste-pot, cover our typewriters, and lock the door of the Round-Up office, we, the Staff of the 1937 Round-Up, look back upon a year filled with activity, achievement, and success. It is our one hope that this yearbook will measure up to the pace set by a wide-awake, energetic student body that has served to promote Baylor far and wide.

# DEDICATED

## TO

### WILLIAM JEFFERSON MURPHY III.

We take great pleasure in dedicating this year's Ground-Up to William Jefferson Murphy the 3rd. Murphy, or "Honey-Britches" as he is sometimes known, is the original shiek of the Baylor campus. He has broken more young girls' hearts than a dog has fleas. Another reason that he received this honor is because we don't believe that any other human being within thousands of miles of the Baylor campus would ever get in a bathing suit when it is snowing like it is in that picture of him over there.

He has left strewn behind him the hearts of Jerry Kinard, Bo Ross, Barbara Wilson, Margie Moore, and Mandy Lee Smith. There are many more, but are just too numerous for us to name.

Baylorites, we give you—  
William Jefferson Murphy, 3rd.

---

## Editors' Foreword:

Every one of us has done things in our lives that we knew would come under the category of thankless jobs. Preparing this section of your 1937 Round-Up is our own particular effort in that class. But it had to be done.

We have given our best efforts to these pages, in the hope that they will add something to your pleasure in owning the book. Tastes vary, in all walks of life, especially in a student body of this size. Some people would like to see the very hide peeled off their fellows, others crave humor in large quantities, but in preparing this type of reading matter and art, there are certain canons of taste which cannot be violated. We have tried to embrace as much of each variety of fun as possible, and at the same time keep our work up to a certain standard.

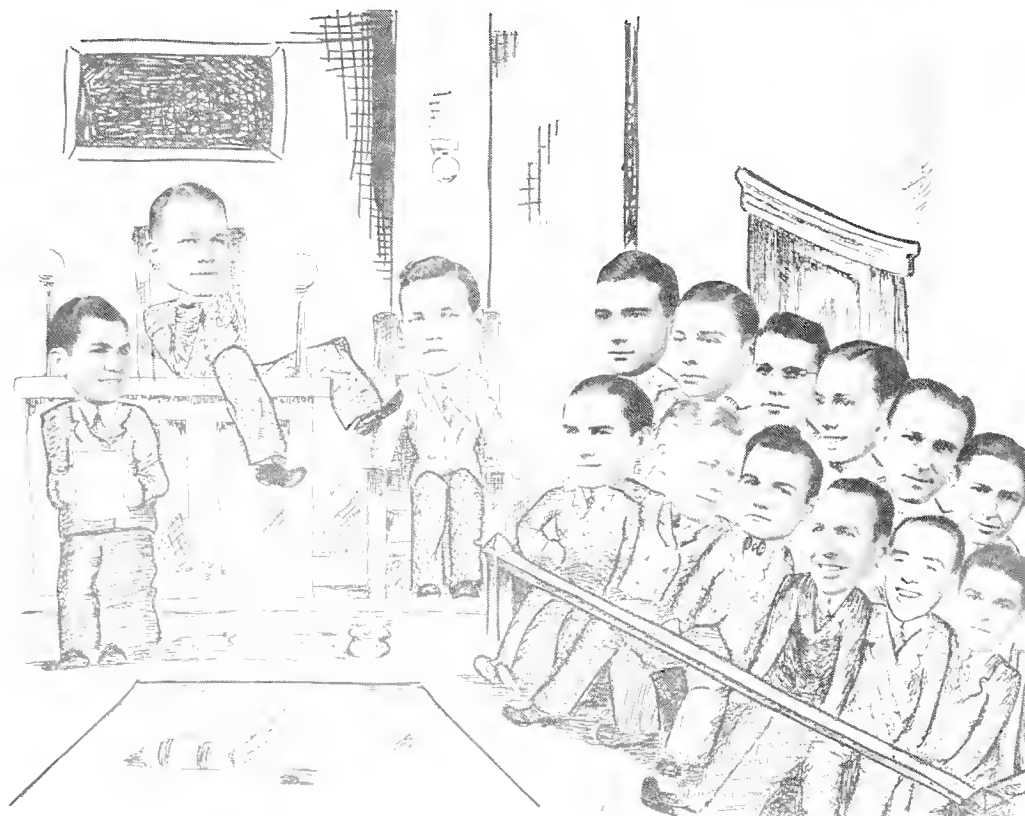

It is all presented to you in a spirit of sportsmanship and good-humoured laughter, and we request that you receive it in the same spirit.

Yours for the lighter side of life,

—SCOTT—PROVENCE—BONNER

# Oyez! Oyez! Oyez!

## COURT OF HONOR—A. D. 1937

Judge: Joe Lewis "Sourpuss" Weaver.

Clerk of Court: George "OL" Massa Riverbank" Denton.

Witness: William Jefferson Murphy III.

Jury: Bottom row, left to right: Jack "Moosemilk" Garrett, Johnnie Heard, Karl "Dogface" Kayton, Bill "Horsehair" Boyd, Wilbert "Peaches and Cream" Lassiter, and Johnny "Corpus Juris" McNamara.

Top row, left to right: William "Cheesy—Two-street" Harmon, Seth "Teneha Timpson Bobo Buckholtz Blair" Corley, Clarence "Sugarcain Walkingcain Hurricane" Cain; Malcolm "Burlique Tennessee East Nashville" Baldwin, T. D. "Three Star" Wells, and Richard "Charley-Horse-Between-the-Ears" Jennings.

The magistrate whose court these boys temporarily commandeered said he had never seen their equal, not even once. We agree with him. We have searched far and wide, through the highways, the by-ways, and the busy marts of men, and never yet have we found a single individual whose accomplishments and capacities could in any way approach those of these lads, either in general or in particular.

We give you a couple of all-Americans (Weaver and Murphy), four all-conference selections (Harmon, Wells, Garrett, and Denton), four of all-University calibre (Cain, Boyd, Baldwin, and Kayton) and the rest of them rating all-intramural merit. The good year of 1937 has indeed been productive of young men with extraordinary qualities hereabout.

It would be quite within our justifiable rights to reel off a couple of thousand words in regard to this picture, but there is really no vital need for it. You are asked merely to gaze thereon, judge, and ask yourself deep down inside if our arrangement has not been a wise one.

In the dimlit vistas of time, should there ever appear fifteen such individuals on the Baylor campus again, at any given time, we the editors will buy anyone who claims the privilege a double-dipped, two-scoop diamond stickpin. It is our firm belief that no such array of talent and phosonority will grace the sacred campus of old Baylor so long as rivers run their courses to mingle with the waters of the sea.

DO UNTO OTHERS  
BEFORE THEY  
DO!

NO HAM TOO BIG  
FOR US TO  
PAN!

FAME IS A FOOD THAT OFTEN GIVES INDIGESTION

## Fisher Elected Ugliest Boy

### DIAMOND LIL LOSES ROMEO, KEEPS RING

"There once was a gal called Diamond Lil,  
And due to Gene Minor we  
remember her still.  
Her face was exotic, her eyes  
not quite true,  
And you should have seen  
Minor when she got  
through!"

—Ling Po

In the biggest "champ and chump" case of the year Gene Minor and Elizabeth Laughlin were the main participants. Minor wheeled into school in his Pontiac coupe ready to set the world on fire but it wasn't long until Laughlin, had him on fire. Flowers, candy, shows, parties, and finally a big diamond ring were the gifts that he bestowed upon her. And boy did she like it, especially the diamond ring?

### A HABIT OF HIS

However, she didn't know then that Minor had a habit of giving such things; she didn't know that a little high school sophomore in Mineral Wells had gotten one the summer before that would make hers look like a pin point. And after all she had gone through to get that ring! But the ring wasn't enough, she set her snare to catch him good and proper and could just see herself riding around in big Packards with

(Continued on page 5)

### BAYLOR RINESHINERS

The Yearly Yelp takes great pleasure in announcing the All-University Rineshining Team for the year of 1937.

Now many of our readers will not agree with us on some of the selections, but due to the heavy competition in this particular field of outdoor sport we were quite handicapped by not getting to enter into some of the contests and personally test the qualities of these young men. So here they are:

Left End: John Findley Wallace  
Left Tackle: Bob Page  
Left Guard: Walter Tubbs  
Center: Forest Jones\*  
Right Guard: Alva Bryan\*  
Right Tackle: Karl Cayton  
Right End: John McNamara  
Quarterback: Hillary Barganier  
Left Halfback: William "Cheesy" Harman\*  
Right Halfback: Clyde Cole  
Fullback: William Jefferson Murphy III\*\*\*

\*Denotes that player is of All-American caliber.

\*\*\*Denotes that player is of All-Time All-American caliber.

Substitutes: Arthur Stewart, Jack Garrett, J. Barker "Hustler" Story, David Morris, Joe Nash, George Denton, John B. Fisher, and Leonard Gorinx.

### TANK TEAM

Editor's Note: The team of this year will not measure up to those of recent years. The squad was sorely hit by the loss of their excellent coach, Alphonso Casanova Barron who joined the Southwestern University team.

Captain of the 1937 team was selected by the members of that group as Murphy because of the fact that he was the only All-Time All-American player on the eleven this year. Coach of the aggregation as you probably know is, Robert "Bulldog Drummond" Carter.

### VOTE BUYING HAS SPOTLIGHT

Vote buying has long been a thorn in the side of Baylor contests but never has it run riot like it did this year. Look at the beauty race. Glee McCrary won it but so what? Didn't she

have Connally McKay tossing dollar bills around like leaves in the wind? That was some jam-up race. John Jolley, University cashier, started meddling with student contests when he backed Anna Frances Anderson

(Continued on page 6)

### LAW STUDENT WINS EASILY OVER FIELD

John B. Fisher, Jr., law student from Waco, was named ugliest boy in Baylor university by acclamation at the meeting of the student body last week. Fisher will compete against all the ugliest men of the other schools in the Southwest and will also issue a nation-wide challenge.

"I am not only the ugliest boy in Baylor but I am also the most insipid" Fisher screamed to the world. And not only that but I'm just a bit conceited and swell headed because I am from Waco.

In choosing Fisher the students noted carefully his snake-like eyes, his niggah lips, and his fang like teeth. It is said that John B. spent days filing his teeth off to a fine edge where he could snarl like a wolf when he was mad. His ears resemble those of a baby elephant and his entire physique could have been modeled after the hunchback of Notre Dame.

The closest contestants to Fisher were Bill Maddox of the goo-goo googly eyes, Karl Cayton known sometimes as the dogface boy, and Jake Shoaf, the Wood county idiot. While these three were campaigning for the honor they were never even nominated as Fisher was the unanimous choice.

### FIJI FLUNKIES

Baylor's "Follow the Leader" club is composed of boys who have been led around by their noses all year and needed only a rope around their necks to require a license of some sort. They thought at first to call themselves the Fiji Flunkies but none had brass rings to insert in their nostrils. The reason for this was that all were saving up for engagement rings.

Club prexy for the year is Harry Hornby and his cohorts are Bob Wallace, Jack Dahmer, Ramie Griffen, Mack Austin, Raymond Kelly, William Cook, Howard Saunders, Mack Hall, and Froggie Coleman.

### NATIONAL HUNT CONTINUES FOR PUBLIC ENEMY OF YEAR. KUTTHROAT KIRK

Not since the days of A. Capone, John Dillinger, Pretty Boy Floyd, and Clyde Barrow has the United States been menaced by such a public enemy as Bob "Kutthroat" Kirk, notorious rascal of the first water.

G men, secret investigators, members of the Sherlock Holmes detective agency and members of the U. S. cabinet have been looking for Kirk for years but to date the chase has been in vain. Last reports were that Kirk and his moll, Katawampus Kate, were seen in the Cut-rate Candy store located at 4th and Austin, Waco, Texas.

The latest crime committed by Kirk was his illegal poll of an election for members of the board of control for the Old Ladies' Home. The seven candidates were already nominated for the position when Kirk tried to toss in a dark horse and was caught in the act.

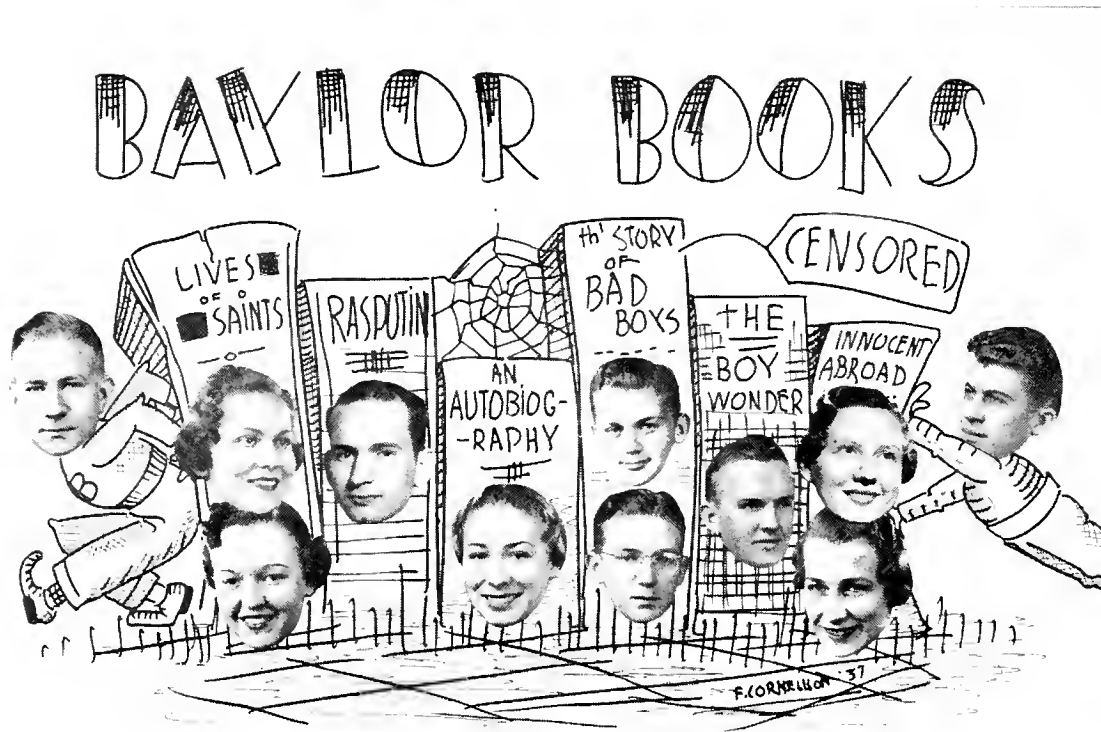

Other breaches of the law that Kirk is wanted for include, blackmail, bribery, abandoning of wife and 24 children, forgery, arson, bigamy, and spitting on the court house square. He is also suspected of being the man behind the headlines in the "strange case of President Zilch."

### CAMERON CUTIES

Composed of campus coeds the Cameron cuties are an organization for the promotion of less light and softer benches in the parks of the local metropolis. Their campaign has been furiously waged and they have taken as their motto "Douse the Glim."

President of the body is a freshman, known as the blonde bombshell, who because of her exceptional ability and a couple of outstanding characteristics was named to the post. Her name is Helen Seaman. Other members of the club are Billie Guynes, Doris Brogdon, Anna Lee Cobb, Mamie Lee Woods, and Bernita Greig.

## TAKE A LOOK!

## Dorothy Perkins—Frances Jim Swan Corral R. L. Lamb in Hollywood

### BLANKET TRIBE IS SELECTED

Every year in the "oldest school in the South" it is a custom with the Blanket Tribe to elect officers every spring. Why every spring, we can't figure out, but it is probably because they are more active during that time of the year than ever before. When the moon begins to shine down from on high—spring has sprung—and the grass has riz—the Navajo addicts don't even care—where the flowers is.

Leading the parade of nature lovers this year is Harry Hipple as High Chief. Lloyd Russell has his cake—and eats it too... as Little Chief of the organization.

The roll includes: E. W. Hammond, James Leib, Cotton Kimbriel, Hervey Blue, Walter Hooks, Rufus Nash, ex-chief Condy Nichols, Charles DeJean, Charles Cluck, Guy Newman, Joe Childress, Fats Florence.

### BROWN-ADAMS ARE SIMILAR

Following the publication of the Freshman Lariat on April 1 of this year there was much confusion over the edition concerning its failure to print enough dirt. On the other side, there were arguments from those luckless few that were stroked by the slime newshounds.

Jimmy Adams, waddling romantic from East Texas, whose greatest asset and greatest hindrance is his deluxe red Olds coupe, was one of those who got it in the neck and on the morning of April 1 screamed loud and long over his publicity. He figured just because he had a habit of taking the gals riding in his auto and keeping them out overtime, there was no reason to jump on him. So here we take this line for a little good publicity. The boy has a good smile and without the handicap of being a poor little rich boy he would very likely get around fine.

### BARBARA WILSON IS NEW PICTURE SIREN

It's amazing how so many of our Hollywood stars and actors came from the same college, Baylor U. down in Texas. Take our master cowpuncher of today, Hoot Daniel. They say he first started out to be a lawyer but during his last year or so of school his political ambitions took big tumbles and discouraged him so that he turned back to the only thing he knew anything about—horses.

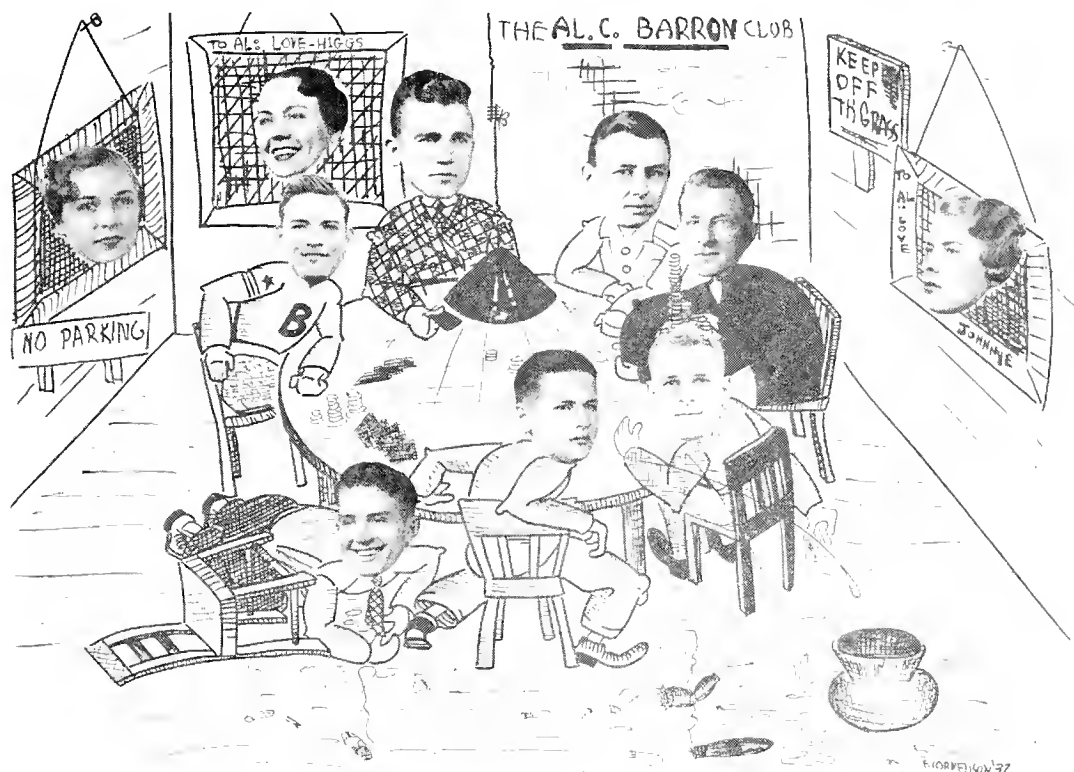

Then look at our shiek, Waddell Moursund. When we think of how 50 million women rave over him today we are amazed to think that during his freshman year at Baylor he tried to go with every girl in the freshman class and could rate none.

And our lovable all-American sweethearts, Sybil McGuire and Owen Parry. Once upon a time Parry was known as a football hero and it was then that Sybil started holding his hand. Today they are known everywhere as the perfect couple even as the aged Bill Powell and Myrna Loy were once heralded.

Often likened unto the once famous Gilda Grey, our own Barbara Wilson is a siren who left Baylor in '37 to take her first movie contract. Hard-hearted on the screen, she is also hard-hearted in real life, and always has been. At one time in her college days a boy friend of hers, Max Welch was his name, stated to a buddy: "There goes the meanest girl in Texas."

Last but not least on our list of the Old Grads is not an actor but the best-known Hollywood "yes man," Bobbie L. Lamb. Lamb first entered Hollywood with the idea of getting before the camera. He also has held to the true Hollywood tradition in many marriages. His first wife was Dotty Perkins and his second was Frances Jim Swan. These two pursued him from Texas to California, he finally had to marry both to make them stay away.

# The Yearly Yelp's Roving Artist Uncovers Baylor Big-Wigs Enjoying Popular Pastime

## FRIENDLY LITTLE CONTEST

A friendly little contest of rook—just an evening with the boys in the congenial atmosphere provided by the Al C. Barron club, and a typical crowd of Baylor big-wigs relaxing after the day's trial and care. Our roving artist made such a precipitate entrance that one or two of the laddie-bucks were startled, for which we offer humble apologies. Especially to Bob Leavell, who fell out of his chair. However, he came up smiling, with the situation well in hand, and no harm done.

Big Bear Lloyd Opal Russell, he of the star and stripes, gave us one of his all-conference expressions, seemingly unmindful of the fact that his score was apparently low. Connally McKay, too, in his river-boat checked suit, had a bland face

for the record. Charlie "Crane" Atkinson, the Cowtown cut-up, was pondering deeply over the new union building, wondering if the roof of it would house an air beacon for lighting the campus after dark.

And James T. Mixson, who has visions of that cottage for two, was taking care that the grocery shelf thereof should not be bare . . . while Benjamin Boyd "Jelly" SoRelle, rumored to have a glass arm, plucked a handful of daisies from his pants cuff, intent on raising his low score. Jim Harrell apparently heard a mouse in the near corner, and took a random shot at the open accessory in the foreground, but missed.

No establishment of the far-famed Al C. could be called authentic without proper mural decorations. Johnnie Lawrence in a weak moment made herself one of the murals by donating a

signed portrait to mine host. Margaret "Queenie" Higgs did likewise, and gave him a much more pleasant smile in the bargain. Little Mary Alice Jones was an afterthought in the room scheme, included to give the simple touch. Brother Barron predicted, as he surveyed his interior work with satisfaction, that it would set the pattern to be followed in finishing the union building, if, when, and how it is built.

**DIAMOND LIL  
LOSES ROMEO  
KEEPS RING**  
(Continued from page 3.)

handsome chauffeurs the rest of her life—on the Minor millions!

## INSIGHT GIVEN

A little insight on their love life was revealed to all Me-

morial inhabitants one night when they went over the Romeo and Juliet balcony scene in front of the dorm. Gene breezed up and screamed, "Oh Libbie I love you, I love you!" She poked her neck out the window and for half an hour the goo was thick and soup-like. Never once would she let up in her pursuit of a life of luxury and ease.

But alack and alas, Minor had one or two bad habits and was finally persuaded to join up with a business firm and so left school.

The gal was desperate! Who now thought she?

## STORY STYMIED

J. Barker Story was the next name on her list. For years he had given his heart to no one, but Libbie got not only his heart, but his bankroll. He lasted only briefly.

# SPORTS THE YEARLY YELP SOCIETY

## Nell "Calamity Jane" Gurley Fails To Get Her Man; He Prefers Arkansas Hill Billy

### RAMBLIN'S

Baylor—Once over lightly. It has been a great year. Quite a few of our boys and girls took the long trail that has no bend . . . such is life. Do you all remember when we beat Texas in football. . . . Say, did Dick Jennings turn to his high school cuties when he got put on the black list over at Memorial? You said it.

When Joan Bowen's play for Condé Nichols finally flopped, she turned to Sonny Bartosh. Second choice. We had a continual laugh at the way our roommate, Jeff Murphy, was stringing all the girls along, while he was in love with Mary McKelvain all of the time. . . . Harry Hipple smashed up his airplane in Austin. . . . Johnnie Herd and Wilbert Lavater went the way of all flesh.

Kathleen Cole was given the rush by Joe Nash, but it cooled quickly. . . . R. L. Lamb was in love so he didn't go with anybody, but "town" girls.

### VOTE BUYING

#### HAS SPOTLIGHT

(Continued from page 3.)

but regardless of his efforts she failed to make the upper bracket.

#### SHE LOST OUT

Neither did Ernestine Ryan. Ernestine had a rather rough run of luck all year. In the Personality race she lost out in the last day's voting only after Rene Paul had put his last suit and hat into hock for cash. He'd better hold onto his kale if he has any hopes of building that little nest for two in the near future.

#### PERSONALITY STUFF

That same race brought out a lot of stuff, though. Ryan and Sammie Martin sat in cars for hours in front of the voting booth smiling and yelling at everyone that passed. The only thing they failed to do was pass cigars and kiss babies. Martin finally emerged the winner after getting the aid of some five or six ward bosses to aid the election.

### DOC JOHNSON FLEES IN FEAR

Among the sagas of the Old West there is a story of a maid by the name of "Calamity Jane," notoriously known as a hard-riding, rootin'-tootin'-shootin' gal who got everything she went after.

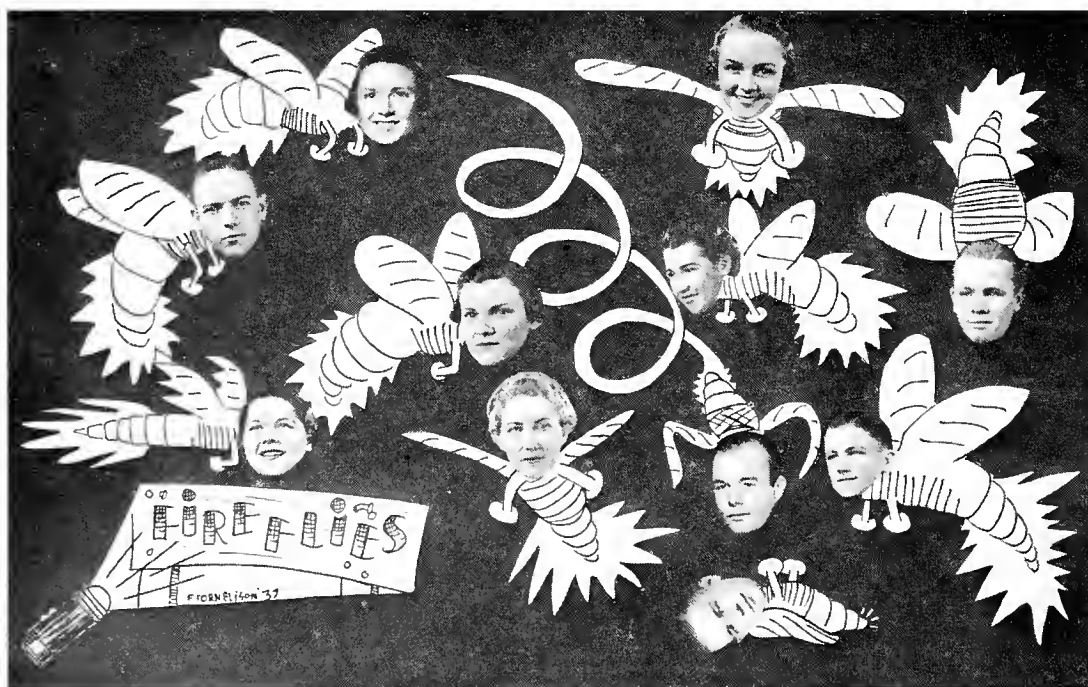

Today, at Baylor, appears another gal from out of the West who is truly a modern "Calamity Jane," or rather, "Calamity Nell," for her actual name is Nell Sue Gurley. Equipped with her trusty Chevy she hunts any man to his lair and drops him in his tracks.

In September there entered into Baylor's folds a fair-haired, rosy-cheeked innocent youngster from the swamps of Arkansas called Charles Eager "Doc" Johnson. His mother had always taught him to be courteous and polite and in trying to be so he one day asked the "Spider gal" to accompany him to a cinema. She complied and the chase was on!

For three months Charles Eager led a life that he could not stand for long. He was a country boy, brought up in simple manner and he finally broke. Repeatedly little Nell sent her car and called for him but by his resourcefulness he managed to evade the issue most of the time. On one occasion she sent Cupid Condé Nichols to Charles' home and when C. E. saw the well-known Chevy approach he hid in a closet!

The affair was closed only after the bashful boy got home at Christmas and in some way bribed a doctor to say he needed an operation and so withdrew from school. He was even scared to return to get his clothes, making his roommate ship them to him.

Today finds Charles happily at home with his country sweetheart in Arkansas while little Nell goes on her way and strives to get Tommy Cotner to ask her for a date.

R. C. JORDAN  
Business Manager

A MAN'S success in life is based almost as much on his capacity for personal loyalties as on his personal abilities. May each of you have the good fortune to enjoy the comradeship of your fellows knit by simple faith in great causes.

Sincerely,

JUSTIN F. KIMBALL

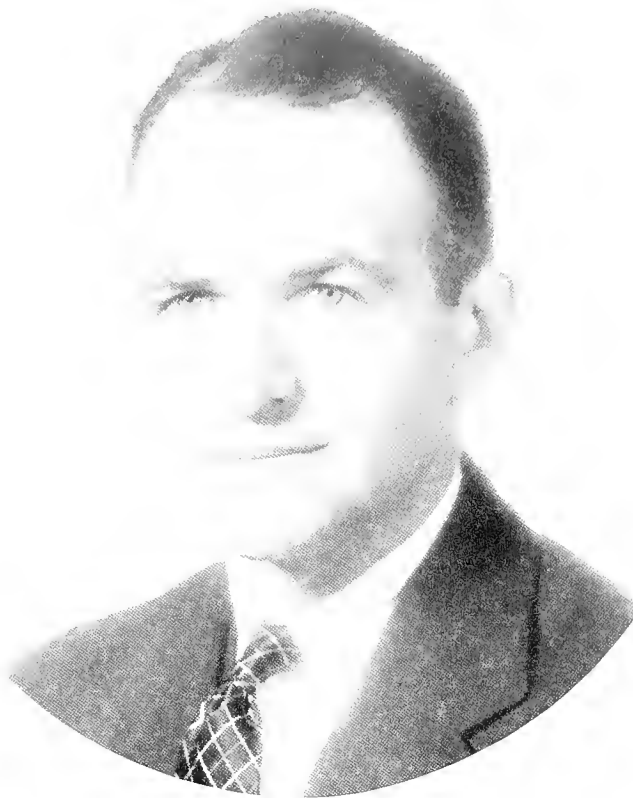

**T**O THE Class of 1937: Cultivate and develop those finer personal qualities and build upon the medical foundation you now possess to the end that your name will be honored, respected and beloved by all the families which you may be privileged to serve. This is the greatest reward that can come to you and is the best evidence of success.

W. H. MOURSUND

## DEDICATION

*to*

HARDY A. KEMP  
B. S., M. D.

**T**O DOCTOR HARDY A. KEMP, our real friend. He is human enough to have faults, strong enough to have enemies, wise enough to admit mistakes, and young enough to understand our point of view. He is not one who professes perfection, but rather is an unpretentious God-fearing man. He is devoid of sham, can take as well as give, and has that kind of conviction which forms the backbone of true character.

For these and many other reasons, we, the students of the Class of 1937, do with infinite sincerity dedicate this section of the yearbook.

# DEDICATION

*to*

THOMAS H. KENNEDY  
D. D. S.

**T**O SHOW our recognition of his profound interest, sincerity, and patience in performing his duties, we, the Senior Class of Baylor College of Dentistry, wish to dedicate this section of the 1937 Round-Up to Dr. Thomas H. Kennedy. To hold in esteem his untiring ability, impartiality, and encouragement, we wish to express our most sincere appreciation.

DR. FREDERICK W. HINDS

*Dean of Dentistry*

DENTAL education during the present decade is passing through a comprehensive change. It is significant that the medical sciences have been a basic part of every Dental College Curriculum since the beginning of Dental Education.

Today we are organizing our courses with the definite aim of teaching the students to apply their knowledge of the sciences, not only to the treatment of diseases of the mouth, but also to understand oral manifestations of systemic disturbances.

May the Class of 1937 go forth with a more complete health service and the determination to constantly improve on that service during their professional career.

## AIN'T IT THE TRUTH?

I have as my authority Doctors Cunningham and Gray,  
Those men who knew anatomy, like I know nite from day;  
I'm sure no one would question anything that they might say,  
So listen while I tell you what I learned the other day.

The atria of the heart receive the blood from here and there,  
Then with a slight contraction, the ventricles fall heir;  
The blood is forced to lungs and body by this latter pair;  
The heart walls then relax, the next cycle to prepare.

Now any observing person cannot fail to see,  
That the actions of the heart can be numbered, one, two, three,  
And if you've ever been in love, I'm sure you would agree  
That the one, two, three, of romance is the statement, I love thee.

One, two, three is waltz-time which makes one think of love,  
Of dancing in the moonlight, the twinkling stars above,  
The wooing of a pretty maid, the cooing of a dove,  
The way the thoughts lead on, fits in just like a glove.

Now hearts also have an auricle—another word for ear,  
To hear the many love dreams I whisper most sincere,  
To you, my lovely darling, my baby dumpling dear,  
Ah! that I could be with you ever, and love you year by year.

Perhaps significance is lacking in the thoughts contained herein;  
Do hearts have ears to hear the lovesick words of men?  
Do hearts echo, I love thee, by throbbing hard within?  
Although perhaps you don't agree, I still hope I've made you grin.

—C. Y. MURFF, JR.

# DEDICATION

*to*

MISS OLGA MARIE BREIHAN  
R. N., B. S., M. S.

**W**E, THE Senior Class, lovingly dedicate this book to Miss Olga Marie Breihan, because of her sincerity of purpose, her extensive knowledge, her unusual ability to teach and her ever willingness to serve.

HELEN H. LEHMAN, R. N.  
*Dean of Nursing*

To you the Senior Class of 1937, we extend heartiest congratulations and sincere good wishes. May the work you have had in your nursing course furnish the foundation upon which to build, so that you may be prepared to meet the ever-changing needs of society. The nursing school curriculum is now being revised to better prepare the nurse to fulfill her function in the new social order of today. May you as graduate nurses assume your responsibilities as members of your Nursing School Alumnae and work unselfishly to promote its growth and influence for good in the community. Also, may we all realize that though the nursing school curriculum be revised again and again, that in nursing, the essential fundamental characteristics of honesty, a sense of duty and responsibility, and love of service for others will forever remain the same. Education will always be secondary in importance to character.

# INTERFRATERNITY COUNCIL

## 1937

THE Interfraternity Council is for the purpose of creating and maintaining a mutual and friendly relationship between the fraternities, student body, and faculty. These members are elected by the student body to equally and justly represent all organizations and eliminate such feelings that tend to cause disharmony among the students. This year marks the twelfth anniversary of this organization, which is composed of two representatives from each fraternity.

### *Senior Members*

FRANK H. KIDD, JR.  
BENJAMIN L. McCLOUD, JR.  
ARTHUR PAUL GOTTLICH  
JOSEPH LOONEY FENLAW  
LESTER K. NIX

### *Junior Members*

H. DAVENPORT, JR.  
J. E. MILLER  
MISS M. H. HALE  
D. J. AUSTIN  
L. W. JOHNSTON

*Top row—KIDD, McCLOUD, HALE, FENLAW, NIX*

# CUSOKNOS

CUSOKNOS wishes to express confidence to the students and future students of the Baylor University College of Medicine in the ever-growing Baylor Medical Students' Library Building Fund, and the purpose for which it is intended. We have seen it grow from its inception. We know how hard it has been to add dollars to its coffers. But we are also aware of the spirit instilled into each Junior Class by Dr. W. W. Looney, the sponsor of the Junior Medical Follies and initiator of the Library Building Fund. With great enthusiasm the Junior Students endeavor to increase this fund by personal sacrifice of time and money through the production of their annual show. This spirit which permeates the student body is no longer confined to it alone. It has spread from the campus to our big brothers, the Alumni, as well as to other friends of the University. They, too, wish a share in this undertaking. The fund is steadily growing with their generous contributions.

It is fitting that the Cusoknos, composed as it is of fraternity and non-fraternity men alike, should predict the achievement of the dreams of every son of Baylor within a few short years—the erection of a modern library building, lecture halls and laboratories.

## THE BAYLOR DENTAL SOCIETY 1936-37

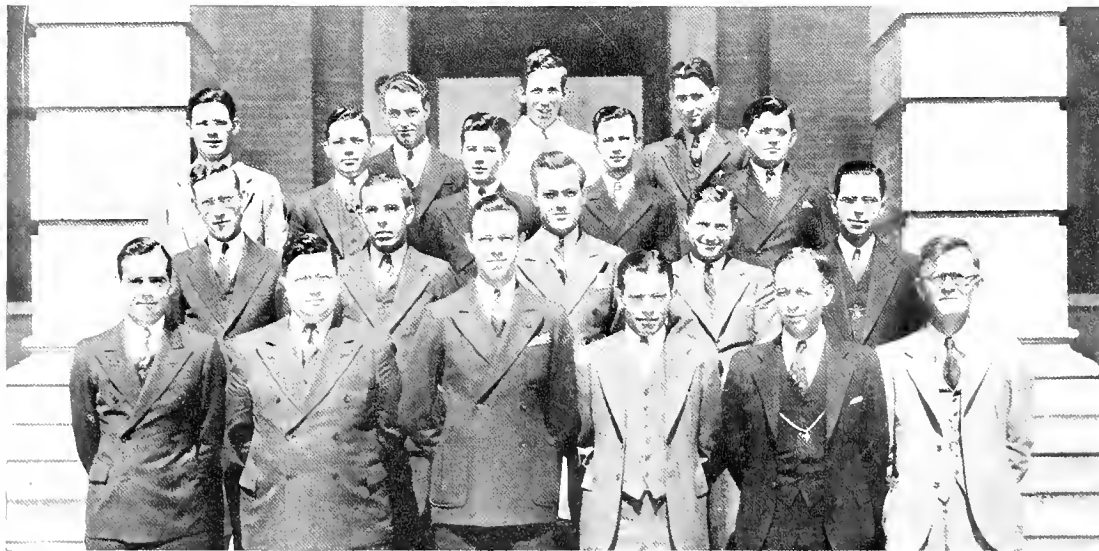

The Baylor Dental Society was organized November 25, 1935, the present Senior Class being charter members of the organization, having drawn up and signed the original constitution on December 5, 1935. The object of the society is to bring together the members of the student body into one unit in order to bring about a greater appreciation of dentistry, to study problems for the enlightenment of all, to develop professional dignity, and to develop one's sense of duty to the profession.

## BAYLOR BIBLE CLASS

The Baylor Bible Class is an extension unit of the Sunday School of the Gaston Avenue Baptist Church, for students, hospital staff, and patients. Dr. E. T. Byrom is the teacher, and serving with him is Dr. Taylor T. Pickett, the associate teacher who has supervised the planning of the program and presided over the class on Sunday morning. Mr. Paul O'Neal is President of the Class.

## MEDICAL - DENTAL MEN'S BIBLE CLASS

Dr. Milford O. Rouse is the teacher; O. J. Waddell, Jr., President; L. K. Nix, Vice-President; and DeWitt Claunch, Secretary.

# BAPTIST STUDENT UNION COUNCIL

THOS. T. HOLLOWAY, JR.  
M. A., Th. M.  
*Baptist Minister for College  
Students in Dallas*

THE Baptist Student Union, serving as a link between the campus and the churches, seeks to enlist students in the local church activities and to foster and co-ordinate the work of the religious organizations that serve the student body. These organizations are: The Baylor Bible Class and the Grace McBride Y. W. A., both of which are affiliated with the Gaston Avenue Baptist Church. This year we were privileged to have as the speaker for the Baylor Inventory Week of Special Religious Services, Dr. R. C. Campbell, Executive Secretary of Baptist General Convention of Texas.

## ROUND-UP OF WOODMEN

The Round-Up Publication is a weekly newspaper for the students of the University of Wisconsin-Madison. It is published by the Round-Up Staff, a group of students who are interested in journalism and public relations. The Round-Up is a free newspaper and is distributed to all students on campus. It contains news, sports, and entertainment stories. The Round-Up is a great source of information for students and is a must-read for anyone who is interested in campus life.

Which one of the Round-Up staff members is the most popular? The answer is: all of them. The Round-Up staff is a diverse group of students who are all passionate about their work. They work hard to bring you the best news and stories possible. The Round-Up is a testament to the dedication and hard work of the Round-Up staff.

One of the Round-Up staff members is a student who is also a member of the University of Wisconsin-Madison. He is a student who is interested in journalism and public relations. He is a member of the Round-Up staff and is responsible for writing and editing the Round-Up. He is a great student and a great member of the Round-Up staff.

## THE PUBLICATION BOARD

DR. R. C. BRITTIN  
 DR. B. F. HAMBLETON  
 T. M. WILLIAMS  
 CHARLES N. DUNCAN

THE Staff of the 1937 Round-Up wish to acknowledge our sincere thanks and gratefulness to the student body, and the members of the Publication Board for their co-operation and assistance in the publication of this book. Special acknowledgment is due B. A. Mikulencak for his many hours of hard work in drawing cartoons and the fine photographic work he has done. We are also deeply indebted to Millard Harper and E. E. Lowery for their excellent work on the cartoons, and to the many students that helped us in taking snapshots. It has been our sincere desire to present to the student body a panoramic view of the activities during the class year of 1936-37.

With sincere appreciation, we wish to thank Mr. Brice Twitty for his splendid co-operation in furnishing room for our studio in picturing the students. We especially express our appreciation to Dr. Brittin, Dr. Hambleton and Miss Danna for their many valuable consultations helping us clear obstacles that otherwise would have been difficult.

We wish to express our appreciation to Mr. Crenshaw of the Southwestern Engraving Company for his patience and cordial co-operation in helping us with the 1937 Round-Up; also Mr. Teplow and Mrs. Sickles of Hall-Gentry Studios, and Mr. Fred Bassman of the Midland Printing Company for their high quality work and patient co-operation.

—THE STAFF.

# DENTAL HISTORY

# HISTORY OF THE BASEBALL LEAGUE

REPRESENTATIVES from each fraternity met and organized the Interfraternity League in 1930, under the supervision of Dr. W. W. Looney. The committee elected him as Umpire-in-Chief, to have complete power in decisions that would arise during the games, and agreed to accept regulation baseball rules, with a few minor changes in the ground rules. The committee also made out the schedule for the games to be played and set an entry fee of eight dollars for each fraternity. This money was for buying the balls for each game, buying the bags and home plate, and any necessary expense that might be incurred during the year.

The object of the Baseball League is to promote good sportsmanship and create a feeling of good-will between the fraternities. Through this means of friendly competition the students of both medical and dental schools have been brought in closer relationship and therefore an ever-increasing friendship exists between the two colleges. The baseball, being the only recreational sport, serves as a source of mental relaxation as well as the physical benefits derived from it.

In 1930, when the league was organized, the charter members were: Phi Chi, Phi Beta Pi, Phi Alpha Sigma, Theta Kappa Psi, and A. M. P. O. Then in 1932 there was a change in the league, the Psi Omega Dental Fraternity and Phi Delta Epsilon Medical Fraternity joined the league and the A. M. P. O. dropped out, leaving six fraternities in the league. In 1934 the Delta Sigma Delta Dental Fraternity joined the league, making a total number of seven fraternities for the following two years. Since 1936 there have only been six fraternities, due to the Phi Delta Epsilon dropping out of the league.

The winners of the trophy since 1930 have been as follows:

Phi Chi—1930, '31, '32, '33, '34.

Phi Alpha Sigma—1935, '36.

Delta Sigma Delta—1937.

The teams that have been in the play-off are as follows:

1930—Theta Kappa Psi vs. Phi Chi

1931—Theta Kappa Psi vs. Phi Chi

1932—Phi Chi vs. Phi Alpha Sigma

1933—Phi Beta Pi vs. Phi Chi

1934—Phi Chi vs. Phi Alpha Sigma

1935—Phi Alpha Sigma vs. Delta Sigma Delta

1936—Phi Alpha Sigma vs. Psi Omega

1937—Phi Chi vs. Delta Sigma Delta

It is time for taps. Our work is done and the 1937 Round-Up is ready for publication. It has been the staff's desire to show impartiality and publish an Annual that every student will be proud of in the years to come. Although there may be several errors, it has been our sincere desire to publish this book as near correctly as possible, and hope that there will not be any hard feelings due to any oversight on the part of the staff. It has been indeed a pleasure in assembling this edition and we think the majority of the students will appreciate our efforts. Keeping in mind, that it has been our purpose to create a more friendly feeling between the medical and dental students as well as the fraternities, we bid you adieu.

# BAYLOR UNIVERSITY FIRST

## Consider These Points:

1. Baylor was the first university founded in Texas. It was chartered under the Republic of Texas in 1845.
2. Baylor was the first university in Texas to adopt the Quarter System and to recognize the Summer Quarter as equal with any other quarter.
3. Baylor University was first to recognize and establish co-education in Texas.
4. Baylor University founded the first educational museum in Texas. This museum gained supremacy under the curatorship of the late John K. Strecker.
5. Baylor University has the largest Browning Collection in the world, made possible by the collection of Dr. A. J. Armstrong.

*"The record reads like romance, but the history of  
Baylor verifies this record"*

# EXPLOITATION of the MEDICAL PROFESSION

EVERYWHERE it is rampant — newspapers, magazines, billboards, radio. "Your doctor will tell you that . . ." "Medical science has found that . . ." "The greatest specialists in Timbuctoo say that . . ." And the rest of the story is, of course, "Use our pills or our vitamins three times a day; ask your doctor."

You are forced to compete with those who offer your patients free advice regarding medical treatment. You deliver Mrs. Blank's baby today, and tomorrow she will receive by mail samples of baby foods with complete directions how to use them. Indeed, some physician representing a commercial organization and knowing that the case is in your hands may address a personal letter to your patient offering his services free.

It has been said that ten more years of the present trend of interference in medical practice will do away with the need for private practice of infant feeding and other branches of medicine.

Mead Johnson & Company have always believed that the feeding and care of babies and growing children is an individual problem that can best be controlled by the individual physician. For over twenty years and in dozens of ethical ways we have given practical effect to this creed. We hold the interest of the medical profession higher than our own, for we too, no doubt, could sell more of our products were we to advertise them directly to the public.

So long as medical men tacitly encourage the present trend, so long will serious inroads continue to be made into private medical practice. When more physicians specify MEAD'S Products\* when indicated, more babies will be fed by physicians because Mead Johnson & Company earnestly cooperate with the medical profession along strictly ethical lines and never exploit the medical profession.

*Mead's Powdered Lactic Acid Milk Nos. 1 and 2; Mead's Powdered Whole Milk; Alacta; Mead's Powdered Protein Milk; Casec; Reolac; Sobee; Cemac; Mead's Halibut Liver Oil; Mead's Viosterol in Halibut Liver Oil (liquid and capsules); Mead's Oleum Percomorphum (liquid and capsules); Mead's Cod Liver Oil Fortified With Percomorph Liver Oil.*

*Dextri-Maltose Nos. 1, 2, and 3; Dextri-Maltose With Vitamin B; Mead's Viosterol in Oil; Mead's Standardized Cod Liver Oil; Mead's Cod Liver Oil With Viosterol; Pabulum; Mead's Cereal; Mead's Brewers Yeast (powder and tablets);*

## When Texas Was Under the Sea

THE gas that baked your biscuits  
this morning was stocked up a mil-  
lion years ago when the ocean moved off  
Texas, but it was the year 1910 A. D.  
before Texas put this spotless heat to  
work running its industries and homes.  
We were the pioneers in piping Texas  
gas. Strung across with hundreds of  
sparkling, smokeless skylines, Texas  
uses this fine cheap heat for everything,  
from making steel barges to running the  
kitchen refrigerator.

LONE STAR GAS CO.

SOON, THE PORTALS OF A NEW ERA WILL  
BE OPEN TO YOU . .

. . *An Era of Professional  
Service to Mankind!*

Success or failure awaits you . . success which will be measured by your willingness to accept certain fundamental principles of professional procedure and management.

The Weber Company wants to help you understand what those principles are and how they may be applied successfully. Besides making for your use a fine line of dental equipment, fairly priced, we can help you with your office location analysis, office planning and decorating. We can help you to finance your initial purchase of equipment and we can help you with your early mechanical office problems . . . plumbing, wiring, sign lettering, etc.

When you purchase Weber equipment, you are provided with one of the most comprehensive courses on Dental Office Management ever compiled; introducing a new service dealing with bookkeeping forms; office management; duties of the assistant and hygienist; contracting and presenting all classes of dental service; radiography and all phases of its use; suggested letter forms for all necessary professional correspondence, etc. No charge is made for this service.

Weber equipment is sold by selected, responsible dental dealers everywhere. Learn the truth about it before making your final decision to buy.

# AN IDEA

# EXPERIENCE

# REALITY

IDEAS, born in the minds of yearbook staff members, can become REALITIES within the pages of a finished book only through the competent guidance of those who have EXPERIENCE in the field of yearbook production. Realizing this fact, editors and managers of college and high school annuals have been, for more than a quarter of a century, employing, and profiting by, the experienced service, distinctive art creations and "PRINT TESTED PLATES" offered by SOUTHWESTERN ENGRAVING COMPANY.

SWECO EXPERIENCE assures your IDEAS of becoming REALITIES even greater than anticipated.

SOUTHWESTERN ENGRAVING  
COMPANY  
FORT WORTH

[illegible]

Each staff has its problems. In dealing with 185 such staffs, we have learned to advise them wisely and to produce books they are proud to distribute on their campus. Nine hundred seventy editors and business managers endorse our thoroughness and integrity.

When a staff signs a Midland contract, it enlists the aid of a College Printing Department composed of older men of many years' experience, associated with younger men who have the yearbook staffs' viewpoint. The entire book is built under one roof . . . the responsibility of one group of skilled craftsmen.
